

South Florida Water Management District

FISCAL YEAR 2022-2023 **FINAL BUDGET SUBMISSION**

Pursuant to Section 373.536, Florida Statutes

September 30, 2022

THE JOHN C. AND MARIANA JONES/HUNGRYLAND WILDLIFE AND ENVIRONMENTAL AREA

Nestled in the southeast region of Florida, this area of St. Lucie County is considered a 'sportsman paradise' with a number of quota hunts and a small game season permitted in the fall. An extensive canal network is a haven for pan fish.

Outdoor enthusiasts can take advantage of several miles of established, multi-use trails for hiking, bicycling and horseback riding. In addition, the canal levees provide great hiking, bicycling and horseback riding opportunities. The area is great for observing wildlife. Alligators, otters, bobcats, deer, hogs, and several species of wading birds and hawks are commonly seen.

Subject: South Florida Water Management District Adopted Budget Submission for Fiscal Year 2022-23

Dear Governor DeSantis, President Simpson, Speaker Sprowls:

The South Florida Water Management District Governing Board respectfully submits its Adopted Budget for October 1, 2022 – September 30, 2023 (Fiscal Year 2022-23) pursuant to Section 373.536, Florida Statutes of \$1,226,394,713. This Final Budget continues to support Governor DeSantis' *Achieving More Now For Florida Environment* Executive Order 19-12 to advance Everglades restoration and improve water quality improvements in the Sunshine State.

With historic and generous support from the Florida Legislature during the 2022 legislative session, the Final Adopted Fiscal Year 2022-23 Budget of \$1.2 billion allows the South Florida Water Management District (District) to expedite progress on critical Everglades restoration and water quality projects throughout South Florida. The District also continues to deliver on management of South Florida's primary water management infrastructure that provides flood control and water supply for over 9 million residents and tens of millions of visitors. The Fiscal Year 2022-23 Adopted Budget supports the agency's mission: ***"To safeguard and restore South Florida's water resources and ecosystems, protect our communities from flooding, and meet the region's water needs while connecting with the public and stakeholders."***

This is accomplished through mission-critical functions including:

- ***Restoration and Water Resource Protection by Safeguarding and Restoring South Florida's Delicate Ecosystem*** by expediting critical Everglades restoration projects and expanding the water quality monitoring network;

September 30, 2022

Page 2

- **Flood Protection by Protecting South Florida's Communities from Flooding, Ensuring and Management Water Flow** by refurbishing, replacing, improving, and managing the components of South Florida's primary water management system; and
- **Water Supply by Ensuring Water for South Florida's Communities** by meeting the water needs of the environment and preparing for current and future demands of water users.

The Preliminary, Tentative and Adopted budgets are available on the District's website at sfwmd.gov.

Our Governing Board continues its commitment to increase transparency, accountability and fiscal discipline while maintaining the necessary public service needed to protect and improve South Florida's water resources. Thank you for taking the time to review our budget, and please feel free to contact me or Candida Heater at cheater@sfwmd.gov or (561) 682-6486 if you have any questions about the South Florida Water Management District's Adopted Budget Submission for Fiscal Year 2022-23.

Thank you,

Drew Bartlett
Executive Director

- ◆ Continuing to work on the Lake Okeechobee Watershed Restoration Project
- ◆ Constructing the Biscayne Bay Coastal Wetlands Project
- ◆ Continuing to make progress on the Caloosahatchee (C-43) Reservoir Project

More than \$255 million to upgrade and maintain water management infrastructure that makes up the regional flood protection system.

- ◆ \$58 million for refurbishments of the flood protection system
- ◆ Over \$61 million for hurricane/tropical weather impacts or unanticipated flood protection emergencies

More than \$82 million for science, monitoring and water supply projects.

- ◆ Expand water quality monitoring in the Everglades and in several critical estuaries and watersheds
- ◆ Support for numerous alternative water supply projects with local partners
- ◆ Watershed protection planning
- ◆ Python research

SFWMD 2022-2023 Budget

Budget Highlights (continued)

More than \$115 million to address sea level rise and climate change impacts.

- ◆ Ensure the continued and future resiliency of the flood protection and water supply systems

More than \$61 million for conservation and land stewardship.

- ◆ Acting as good stewards for more than one million acres of public lands
- ◆ Battling invasive plants and animals

More than \$14.5 million for flood control operations, maintenance and land stewardship.

- ◆ Partnerships with local governments
- ◆ Capital improvement projects for the Big Cypress Basin

More than \$23 million for regulation and public engagement efforts.

- ◆ Enhanced environmental enforcement
- ◆ Efforts to further expand public engagement and transparency in all water management decisions

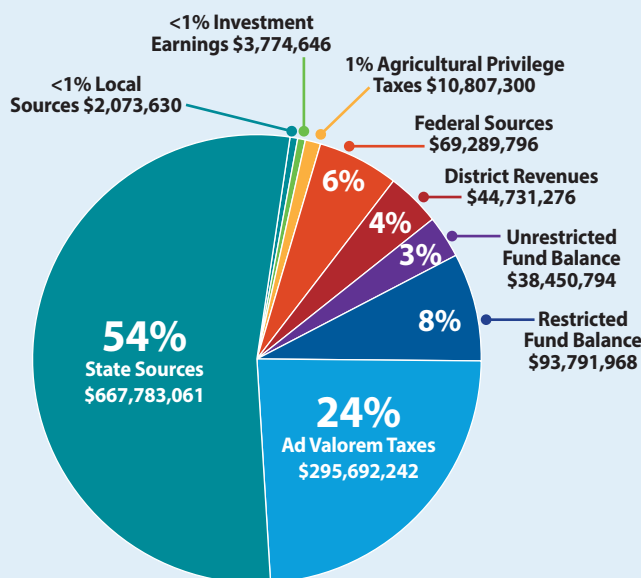

\$57 million to continue to attract and develop SFWMD's award-winning staff.

- ◆ Scientists, engineers, and other water management professionals

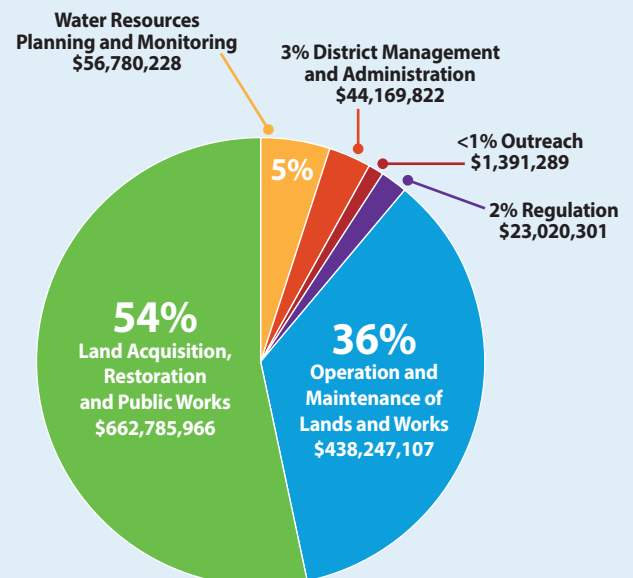

Revenue Sources and Adopted Millage Rates

- The annual budget is funded by a combination of ad valorem (property) taxes and other revenues such as state appropriations, federal and local sources, fees, investment earnings and agricultural privilege taxes.
- The millage rate for the 2022-2023 Fiscal Year represents \$23.01 per \$100,000 of taxable value in 15 of the District's 16 counties (Okeechobee Basin).
- The millage rate for the 2022-2023 Fiscal Year represents \$19.26 per \$100,000 of taxable value in Collier and Mainland Monroe counties (Big Cypress Basin).
