**Subject: A-2 Stormwater Treatment Area (STA)
Permit Application File No: SAJ-2018-03427
Palm Beach County, Florida**

Dear Ms. Sabin,

The South Florida Water Management District (District) requests amendment of the recently submitted standard permit application File No: SAJ-2018-03427 to allow the District to construct the entire A-2 Stormwater Treatment Area (STA).

The proposed A-2 STA project is 6,500 acres and is located approximately 5 miles west of the existing A-1 Flow Equalization Basin, in Palm Beach County. The project will consist of treatment cells, canals, levees, pump stations and water control structures. The District will provide a copy of the Section 408 approval and Section 401 Water Quality Certification prior to commencement of construction of the various features of the STA.

Please find attached an amended Department of Army permit application form, 11" X 17" Permit Drawings, and other supporting information.

If you have any questions or require additional information, please contact John Shaffer at 561-682-6308.

Sincerely,

A handwritten signature in blue ink that reads "Jennifer Smith".
