

SOUTH FLORIDA WATER MANAGEMENT DISTRICT IMPORTANT CHANGES TO RIGHT OF WAY PERMITTING PROCEDURES COMING IN 2021

The District is proud to announce that online permitting for Right of Way Occupancy Permits is scheduled to go into effect in 2021. This notice provides the anticipated schedule for implementation of online permitting so that applicants can prepare for this forthcoming change. Online permitting (or "e-permitting", as it is often called) will allow for:

- Online filing of applications for new and/or modified permits, permit transfers, and permit extensions.
- Payments by credit card or e-check.
- Electronic submittal of insurance renewals, financial assurance documents, and documents required for permit closeout, such as as-built drawings.
- Elimination of paper applications and site plans.
- Applicant self-service to view application status, permit records, and inspection results.
- Electronic delivery of documents, notices, and updates to applicants (e.g., requests for additional information (RAIs), scheduling of inspections, etc.).

IMPORTANT DATES (Subject to Change)

April 1, 2021 Online filing available for new applications, permit modifications,

transfers, and extensions.

July 1, 2021 All applications required to be filed online.
