

***Final Agenda***  
**Technical Oversight Committee:**  
**Analysis of Refuge Phosphorus Data and Related Matters**  
***July 24, 2003; 10 a.m. to 3 p.m.***

South Florida Water Management District  
Headquarters, B-1 Building, Storch Room,  
3301 Gun Club Road  
West Palm Beach, FL 33416-4680

Please note that this TOC meeting is for detailed discussion of data and information on the phosphorus status of the Refuge and the treatment of inflows. The goal is to reach consensus on the interpretation of phosphorus data from the Refuge and to develop a single summary letter to the Principals. Any products from this effort will be published through the TOC website for public review and discussed again at the next regular TOC meeting on August 12, 2003 prior to any final action.

**Introductory Comments: Additions or modifications to the agenda.**

Garth Redfield (TOC Chair), SFWMD

- 1. Discussion of Exceedances of Interim Limits in the Refuge.** All TOC representatives participate with discussion centering on District and Federal data analyses and interpretation. District staff will make a formal presentation and other presentations are welcomed. A draft letter blending the ideas of State and Federal interpretations will be available as a means of reaching consensus. **(150 minutes).**  
Garth Redfield, SFWMD
- 2. Update on the Performance of STA-1W (30 minutes).** Gary Goforth, SFWMD
- 3. Status Report on STA 1E Monitoring and Operational Plans and Water Quality Considerations (30 minutes).** James McAdams, Peter Besrutschko and Dennis Duke, USACOE.
- 4. Additional Public Comments and Agenda or Action Items for the next TOC meeting on August 12, 2003.**
