I. Background

In 1999, the Florida Legislature established a mitigation fee on each ton of limerock and sand sold from the Miami-Dade County Lake Belt Area. The purpose of this fee is to provide for the mitigation of wetland resources lost to mining activities within this area.

The Legislature found that the impact of rock mining could best be offset by the implementation of a comprehensive mitigation plan, as recommended in the 1998 Progress Report to the Florida Legislature by the Miami-Dade County Lake Belt Plan Implementation Committee. Legislation was adopted in s. 373.4149(1), Florida Statutes (F.S.), authorizing the mitigation fee and governing its use.

The mitigation fee became effective on October 1, 1999 at the initial rate of 5.0 cents for each ton of limerock and sand sold. The Lake Belt legislation included an annual fee adjustment and the fee was 18 cents per ton in 2008. The fee applies to raw, processed, or manufactured limestone, cement, and concrete products. The mitigation fee is collected by the Florida Department of Revenue and deposited to a trust fund at the South Florida Water Management District (SFWMD). An interagency committee, referred to as the Lake Belt Mitigation Committee (Committee), must approve expenditures from the trust fund.

Section 373.41492(9)(a), F.S., states: "the interagency committee established in this section shall annually prepare and submit to the governing board of the South Florida Water Management District a report evaluating the mitigation costs and revenues generated by the mitigation fee."

Additional information on the Miami-Dade County Lake Belt Plan Implementation Committee, including copies of the Plan, Annual Progress Reports and Technical Reports, and the Mitigation Committee is available at the SFWMD web site http://www.sfwmd.gov. (The Miami-Dade Co. Lake Belt is one of the projects listed in the Water Supply section of the SFWMD website.)

II. Legislative Guidance

The proceeds of the mitigation fee must be used to conduct mitigation activities to offset the loss of value and functions of wetlands resulting from mining activities. The fees must be used in a manner consistent with the recommendations contained in the reports submitted to the Legislature by the Miami-Dade County Lake Belt Plan Implementation Committee and adopted under s. 373.4149, F.S.

The Lake Belt Phase I Plan, submitted to the Legislature in February 1997, states: "Mitigation for rock mining in the Lake Belt Area should occur within the Pennsuco wetlands, the Northwest Bird Drive Basin, or other areas in the Lake Belt Area or Dade County, including in mitigation banks, as determined appropriate by the permitting agencies." (Page 21, "Northwest Dade County Freshwater Lake Belt Plan, Making a Whole, Not Just Holes", 1997).

Mitigation fees may be used for the purchase, enhancement, restoration, and management of wetlands and uplands, the purchase of mitigation acres from a permitted mitigation bank, and any structural modifications to the existing drainage system to enhance the hydrology of the Miami-Dade County Lake Belt Area. Funds may also be used to reimburse other funding sources, including the Save Our Rivers Land Acquisition Program, the Internal Improvement Trust Fund, SFWMD, and Miami-Dade County.

III. Committee Representation

The Lake Belt Mitigation Committee is authorized under s. 373.4149, F.S. Meetings are held on an as needed basis at locations determined by the committee. All meetings are open to the general public and are held under requirements of Chapter 286.011, F.S.

The Lake Belt Mitigation Committee consists of following members:

Voting Members:

Florida Department of Environmental Protection (DEP) Janet Llewellyn (Committee Chair) Howard Hayes, Alternate

South Florida Water Management District (SFWMD)
Terrie Bates (Committee Vice Chair)
Anita Bain, Alternate

Miami-Dade County Department of Environmental Resources Management (DERM)
Carlos Espinosa
Matt Davis, Alternate

Florida Fish and Wildlife Conservation Commission (FWCC)
Timothy King

U.S. Army Corps of Engineers (USCOE)

Tori White

Leah Oberlin, Alternate

U.S. Environmental Protection Agency (USEPA)
Veronica Fasselt
Ron Miedema, Alternate

U.S. Fish and Wildlife Service (USFWS)
Spencer Simon

Non-Voting Member:

Miami-Dade Limestone Products Association Jeff Rosenfeld Bill Baker, Alternate

IV. Committee Administration

Accounting - The available balance in the trust fund as of December 31, 2007 was \$5,062,382. During 2008, \$4,899,784 was transferred to the trust fund from the Florida Department of Revenue and \$380,229 was earned as interest. During 2008, approved payments from the Trust Fund were \$3,727,447. On December 31, 2008, the available balance in the mitigation trust fund was \$6,614,948.

Table 1 summarizes the mitigation fee deposits and interest earned by the Lake Belt Trust Fund for the period between 2000 and 2008. The month-by-month financial statement for the Trust Fund is included in Appendix B. Appendix C shows the receipts/approved expenditures summary developed for the Committee. This year's summary includes expenditures/mitigation acres approved by the Committee during the last three years, as well as the overall receipts/expenditures summary through the end of 2008.

Table 1. Summary - Lake Belt Mitigation Trust Fund Cash Receipts

Calendar Year	Mitigation Fee (\$/ton)	Rock Mining Mitigation Fees	Interest Earned	Total Fees & Interest
2000 *	0.05	\$2,386,463	\$ 78,162	\$2,464,625
2001	0.0533	\$2,227,895	\$167,611	\$2,395,506
2002	0.056	\$2,436,950	\$174,384	\$2,611,334
2003	0.058	\$2,761,957	\$205,836	\$2,967,793
2004	0.062	\$3,109,122	\$132,434	\$3,241,556
2005	0.066	\$3,344,232	\$200,189	\$3,544,421
2006	0.071	\$3,808,079	\$521,348	\$4,329,427
2007	0.12	\$4,989,649	\$934,092	\$5,923,741
2008	0.18	\$4,899,784	\$380,229	\$5,280,013
TOTAL		\$29,964,131	\$2,794,284	\$32,758,416

^{*}Includes fees from mining as of Oct. 1, 1999. Initial receipt from Florida Department of Revenue to the SFWMD was in January 2000.

Mitigation Fee – The initial mitigation fee calculation was based on many factors (values and functions of wetlands in the Pennsuco and mining areas, mitigation ratios, estimated mining rates, and acquisition, restoration, and long-term management costs of land in the Pennsuco). During 1999, an interagency team of economists calculated the rate of the fee and determined the most appropriate method for annually adjusting the fee. This approach was codified in statute. Beginning January 1, 2001 and each January 1st thereafter, the per-ton mitigation fee is increased by 2.1 percent, plus a cost growth index specified in the statute. The annual mitigation fee rate calculated by the Florida Department of Revenue is shown in Table 1.

The Committee reviewed the mitigation fee calculations based on updated land acquisition costs in 2005. Based on the Committee's recommendation and approval by the Legislature in 2006, the mitigation fee increased to 12 cents per ton starting January 1, 2007. Pursuant to the updated statute, the fee will increase to 18 cents per ton in 2008 and 24 cents per ton in 2009. Beginning January 1, 2010 and each January 1st thereafter, the per-ton mitigation fee will again be increased by 2.1 percent, plus a cost growth index specified in the statute. The updated statute is included in Appendix A.

Approved Expenditures – Total expenditures approved in 2008 from the Lake Belt Mitigation Trust Fund were \$3,727,447. In April 2008, the SFWMD Governing Board approved the acquisition of 10.0 Pennsuco acres through the purchase listed in Appendix C. The Committee authorized the associated expenditures for acquisition costs, enhancement, and long-term management for the 10.0 acres (\$2,027/acre). In December 2008, the Mitigation Committee approved the 8.5 Square Mile Phase 1 restoration project (175.5 acres). The costs and Pennsuco equivalent mitigation acres for the project are listed in Appendix C. The 2008 expenditures also include a \$5,376 expenditure for administrative costs associated with the operation of the Lake Belt Mitigation Committee, Southern Glades restoration project expenditures of \$32,345 (\$15,000 for mowing/exotic treatment services and \$17,345 for a topographic survey) and a \$44 expenditure for a court filing fee for one of the land transfers.

V. Committee Mitigation Activities

Committee Activities – In 2008, Committee activities included:

- 1. A continuing evaluation of mitigation options outside of Pennsuco. SFWMD staff developed a restoration project consisting of approximately 467 acres in the 8.5 Square Mile Area. The Committee approved implementation of Phase 1 (175.5 acres) in December 2008. Additional phases of the 8.5 SMA project will be considered by the Committee in 2009. SFWMD staff also developed a restoration project in the Southern Glades area, which will be further evaluated by the Committee in 2009.
- 2. A SFWMD willing seller program, in which all remaining private land owners in the Pennsuco were contacted in 2007. As a result of this program, an additional 145.1 mitigation acres (10.7 in 2006, 124.4 in 2007, and 10 acres in 2008) were approved for acquisition, enhancement, and long-term management of Pennsuco land by the SFWMD. Approximately 3,300 acres of privately-owned land remain in the Pennsuco out of a total of about 12,600 acres. Therefore, approximately 74% of the Pennsuco is currently under public ownership.

Mitigation Summary - Summaries of annual expenditures / mitigation acres approved by the Committee are included in Appendix C. The Committee has approved a total of 3121.6 mitigation acres, which has resulted in the public acquisition, enhancement, and long-term management of 1,213.3 acres in Pennsuco, the enhancement and long-term management of an additional 3,375.4 acres in Pennsuco, and the enhancement and long-term management of 175.5 acres in the 8.5 Square Mile Area.

Table 2. Lake Belt Mitigation Activities

Calendar Year	Pennsuco Acquisition, Enhancement, & Long-Term Management (Acres)	Pennsuco Enhancement, & Long-Term Management (Acres) ¹	Other (Acres)	Committee Approved Mitigation Acres
2002	455.6	1,240.6		1,075.9
2003	0	2,134.8		1,067.4
2004	160.0		-0.5^2	159.5
2005	320.9			320.9
2006	142.4			142.4
2007	124.4			124.4
2008	10.0		221.13	231.1
TOTAL	1,213.3	3,375.4	220.6	3,121.6

¹ The number of mitigation acres credited for enhancement / long-term management in 2002-2003 was equal to one-half the number credited for land acquisition, enhancement, and long-term management (per Committee decision).

The Mining Industry submits an Annual Lake Belt Report to the U.S. Army Corps of Engineers, Florida Department of Environmental Protection, and Miami-Dade County Department of Environmental Resources Management. This report documents the changes in mining and wetland acreages, and summarizes the ecological balance between the wetland impacts and wetland mitigation funded through the Lake Belt Mitigation Committee. This information is summarized below in Table 3.

Pursuant to s. 373.41492(7), F.S., the mitigation fee established by the Legislature "satisfies the mitigation requirements imposed under ss. 373.403-373.439 and any applicable county ordinance for loss of the value and functions from mining of the wetlands identified as rock mining supported and allowable areas of the Miami-Dade County Lake Plan adopted by s. 373.4149(1)." The mitigation fee calculation was based on many factors (values and functions of wetlands in the mining area and Pennsuco, estimated mining rates, land acquisition,

² Mitigation for wetland impacts from monitoring well access construction required under the Lake Belt permits.

³ Phase 1 of 8.5 Square Mile Area restoration project (Pennsuco equivalent mitigation acres – see Appendix C).

restoration, and long-term management costs), and included the assumption that an estimated ratio of 2.5 mitigation acres: impact acres was needed to offset the loss of the values and functions of wetlands impacted in mining areas that were not permitted prior to the issuance of the Lake Belt permits in 2002. The wetland impact and offsetting mitigation information for the State and County permits are summarized below in Table 3 and show a large positive mitigation acreage balance due to the expedited mitigation being implemented by the Mitigation Committee. Through expedited mitigation, the Committee has been attempting to spend the mitigation fee on mitigation projects in the same year that the fee is collected, rather than at the slower rate anticipated in the permit tables.

Table 3. Lake Belt Mitigation/Mining Summary

	Committee	Lake Belt	Mitigation	
	Approved	Wetland Impacts	Needed to Offset	Annual
Calendar	Mitigation	In New Permit	Wetland Impacts	Balance
Year	Acres	Areas (Acres)	(Acres) ¹	(Acres)
2002	1,075.9	34	85.0	990.9
2003	1,067.4	135	337.5	729.9
2004	159.5	87	217.5	-58.0
2005	320.9	87	217.5	103.4
2006	142.4	567	1,417.5	-1,275.1
2007	124.4	9	22.5	101.9
2008	231.1	Not yet available ²		
TOTAL	3,121.6	919	2,297.5	593.0

¹ Assumes 2.5 ratio utilized in calculation of Lake Belt mitigation fee

The U.S. Army Corps of Engineers Lake Belt permits issued in 2002 included a different methodology for calculating mitigation requirements. The ecological balance between the wetland mitigation and wetland impacts is calculated using the ecological value and present worth factors in Table E of the Corps' permits. The cumulative ecological units at the end of the 2008 Annual Report reporting period (through April 2008) were negative 327.5 present worth ecological units. By comparison, the estimated ecological balance in Table E for the same period was negative 478.7 present worth ecological units. Due to the expedited mitigation being implemented by the Mitigation Committee, the cumulative ecological balance at the end of 2008 Annual Report reporting period is 151 present worth ecological units greater than the estimates in the permit tables. Comparisons of the permit tables with the actual mitigation fee collections and mitigation funded during the first six years of the permit indicate that the amount of actual mitigation fees and approved mitigation are greater than were anticipated when the permits were issued in 2002.

² Pursuant to the permit conditions, impacts are reported in the following year's Lake Belt Annual Report due to the timing and availability of aerial photographs.

VI. Appendices

APPENDIX A – Florida Statutes

373.41492. Miami-Dade County Lake Belt Mitigation Plan; mitigation for mining activities within the Miami-Dade County Lake Belt.

- (1) The Legislature finds that the impact of mining within the rock mining supported and allowable areas of the Miami-Dade County Lake Plan adopted by s. 373.4149(1) can best be offset by the implementation of a comprehensive mitigation plan as recommended in the 1998 Progress Report to the Florida Legislature by the Miami-Dade County Lake Belt Plan Implementation Committee. The Lake Belt Mitigation Plan consists of those provisions contained in subsections (2)-(9). The per-ton mitigation fee assessed on limestone sold from the Miami-Dade County Lake Belt Area and sections 10, 11, 13, 14, Township 52 South, Range 39 East, and sections 24, 25, 35, and 36, Township 53 South, Range 39 East, shall be used for acquiring environmentally sensitive lands and for restoration, maintenance, and other environmental purposes. It is the intent of the Legislature that the per-ton mitigation fee shall not be a revenue source for purposes other than enumerated herein. Further, the Legislature finds that the public benefit of a sustainable supply of limestone construction materials for public and private projects requires a coordinated approach to permitting activities on wetlands within Miami-Dade County in order to provide the certainty necessary to encourage substantial and continued investment in the limestone processing plant and equipment required to efficiently extract the limestone resource. It is the intent of the Legislature that the Lake Belt Mitigation Plan satisfy all local, state, and federal requirements for mining activity within the rock mining supported and allowable areas.
- (2) To provide for the mitigation of wetland resources lost to mining activities within the Miami-Dade County Lake Belt Plan, effective October 1, 1999, a mitigation fee is imposed on each ton of limerock and sand extracted by any person who engages in the business of extracting limerock or sand from within the Miami-Dade County Lake Belt Area and the east one-half of sections 24 and 25 and all of sections 35 and 36, Township 53 South, Range 39 East. The mitigation fee is imposed for each ton of limerock and sand sold from within the properties where the fee applies in raw, processed, or manufactured form, including, but not limited to, sized aggregate, asphalt, cement, concrete, and other limerock and concrete products. The mitigation fee imposed by this subsection for each ton of limerock and sand sold shall be 12 cents per ton beginning January 1, 2007; 18 cents per ton beginning January 1, 2008; and 24 cents per ton beginning January 1, 2009. To upgrade a water treatment plant that treats water coming from the Northwest Wellfield in Miami-Dade County, a water treatment plant upgrade fee is imposed within the same Lake Belt Area subject to the mitigation fee and upon the same kind of mined limerock and sand subject to the mitigation fee. The water treatment plant upgrade fee imposed by this subsection for each ton of limerock and sand sold shall be 15 cents per ton beginning on January 1, 2007, and the collection of this fee shall cease once the total amount of proceeds collected for this fee reaches the amount of the actual moneys necessary to design and construct the water treatment plant upgrade, as determined in an open, public solicitation process. Any limerock or sand that is used within the mine from which the limerock or sand is extracted is exempt from the fees. The amount of the mitigation fee and the water treatment plant

upgrade fee imposed under this section must be stated separately on the invoice provided to the purchaser of the limerock or sand product from the limerock or sand miner, or its subsidiary or affiliate, for which the fee or fees apply. The limerock or sand miner, or its subsidiary or affiliate, who sells the limerock or sand product shall collect the mitigation fee and the water treatment plant upgrade fee and forward the proceeds of the fees to the Department of Revenue on or before the 20th day of the month following the calendar month in which the sale occurs.

- (3) The mitigation fee and the water treatment plant upgrade fee imposed by this section must be reported to the Department of Revenue. Payment of the mitigation and the water treatment plant upgrade fees must be accompanied by a form prescribed by the Department of Revenue. The proceeds of the mitigation fee, less administrative costs, must be transferred by the Department of Revenue to the South Florida Water Management District and deposited into the Lake Belt Mitigation Trust Fund. The proceeds of the treatment plant upgrade fee, less administrative costs, must be transferred by the Department of Revenue to a trust fund established by Miami-Dade County, for the sole purpose authorized by paragraph (6)(a). As used in this section, the term "proceeds of the fee" means all funds collected and received by the Department of Revenue under this section, including interest and penalties on delinquent fees. The amount deducted for administrative costs may not exceed 3 percent of the total revenues collected under this section and may equal only those administrative costs reasonably attributable to the fees.
- (4)(a) The Department of Revenue shall administer, collect, and enforce the mitigation and treatment plant upgrade fees authorized under this section in accordance with the procedures used to administer, collect, and enforce the general sales tax imposed under chapter 212. The provisions of chapter 212 with respect to the authority of the Department of Revenue to audit and make assessments, the keeping of books and records, and the interest and penalties imposed on delinquent fees apply to this section. The fees may not be included in computing estimated taxes under s. 212.11, and the dealer's credit for collecting taxes or fees provided for in s. 212.12 does not apply to the fees imposed by this section.
- (b) In administering this section, the Department of Revenue may employ persons and incur expenses for which funds are appropriated by the Legislature. The Department of Revenue shall adopt rules and prescribe and publish forms necessary to administer this section. The Department of Revenue shall establish audit procedures and may assess delinquent fees.
- (5) Beginning January 1, 2010, and each January 1 thereafter, the per-ton mitigation fee shall be increased by 2.1 percentage points, plus a cost growth index. The cost growth index shall be the percentage change in the weighted average of the Employment Cost Index for All Civilian Workers (ecu 10001I), issued by the United States Department of Labor for the most recent 12-month period ending on September 30, and the percentage change in the Producer Price Index for All Commodities (WPU 00000000), issued by the United States Department of Labor for the most recent 12-month period ending on September 30, compared to the weighted average of these indices for the previous year. The weighted average shall be calculated as 0.6 times the percentage change in the Employment Cost Index for All Civilian Workers (ecu 10001I), plus 0.4 times the percentage change in the Producer Price Index for All Commodities (WPU 00000000). If either index is discontinued, it shall be replaced by its successor index, as identified by the United States Department of Labor.

- (6)(a) The proceeds of the mitigation fee must be used to conduct mitigation activities that are appropriate to offset the loss of the value and functions of wetlands as a result of mining activities and must be used in a manner consistent with the recommendations contained in the reports submitted to the Legislature by the Miami-Dade County Lake Belt Plan Implementation Committee and adopted under s. 373.4149. Such mitigation may include the purchase, enhancement, restoration, and management of wetlands and uplands, the purchase of mitigation credit from a permitted mitigation bank, and any structural modifications to the existing drainage system to enhance the hydrology of the Miami-Dade County Lake Belt Area. Funds may also be used to reimburse other funding sources, including the Save Our Rivers Land Acquisition Program, the Internal Improvement Trust Fund, the South Florida Water Management District, and Miami-Dade County, for the purchase of lands that were acquired in areas appropriate for mitigation due to rock mining and to reimburse governmental agencies that exchanged land under s. 373.4149 for mitigation due to rock mining. The proceeds of the water treatment plant upgrade fee shall be used solely to upgrade a water treatment plant that treats water coming from the Northwest Wellfield in Miami-Dade County. As used in this section, the terms "upgrade a water treatment plant" or "treatment plant upgrade" means those works necessary to treat or filter a surface water source or supply or both.
- (b) Expenditures of the mitigation fee must be approved by an interagency committee consisting of representatives from each of the following: the Miami-Dade County Department of Environmental Resource Management, the Department of Environmental Protection, the South Florida Water Management District, and the Fish and Wildlife Conservation Commission. In addition, the limerock mining industry shall select a representative to serve as a nonvoting member of the interagency committee. At the discretion of the committee, additional members may be added to represent federal regulatory, environmental, and fish and wildlife agencies.
- (7) Payment of the mitigation fee imposed by this section satisfies the mitigation requirements imposed under ss. 373.403-373.439 and any applicable county ordinance for loss of the value and functions from mining of the wetlands identified as rock mining supported and allowable areas of the Miami-Dade County Lake Plan adopted by s. 373.4149(1). In addition, it is the intent of the Legislature that the payment of the mitigation fee imposed by this section satisfy all federal mitigation requirements for the wetlands mined.
- (8) If a general permit by the United States Army Corps of Engineers, or an appropriate long-term permit for mining, consistent with the Miami-Dade County Lake Belt Plan, this section, and ss. 373.4149, 373.4415, and 378.4115 is not issued on or before September 30, 2000, the fee imposed by this section is suspended until revived by the Legislature.
- (9)(a) The interagency committee established in this section shall annually prepare and submit to the governing board of the South Florida Water Management District a report evaluating the mitigation costs and revenues generated by the mitigation fee.
- (b) No sooner than January 31, 2010, and no more frequently than every 5 years thereafter, the interagency committee shall submit to the Legislature a report recommending any needed adjustments to the mitigation fee to ensure that the revenue generated reflects the actual costs of the mitigation.

History.--s. 2, ch. 99-298; s. 23, ch. 2000-197; s. 2, ch. 2006-13.

373.41495 Lake Belt Mitigation Trust Fund; bonds.--

- (1) The Lake Belt Mitigation Trust Fund is hereby created, to be administered by the South Florida Water Management District. Funds shall be credited to the trust fund as provided in s. 373.41492, to be used for the purposes set forth therein.
- (2) The South Florida Water Management District may issue revenue bonds pursuant to s. 373.584, payable from revenues from the Lake Belt Mitigation fee imposed under s. 373.41492.
- (3) Net proceeds from the Lake Belt Mitigation fee and any revenue bonds issued under subsection (2) shall be deposited into the trust fund and, together with any interest earned on such moneys, shall be applied to Lake Belt mitigation projects as provided in s. 373.41492.
- (4) The Lake Belt Mitigation Trust Fund is a trust fund as described in s. 19(f)(3), Art. III of the State Constitution, and therefore is not subject to termination pursuant to s. 19(f)(2), Art. III of the State Constitution.

History.--ss. 1, 2, 3, 4, ch. 98-260; s. 1, ch. 99-297.
