**Subject:** FW: Southland Proposal Extension

[Please remember, this is an external email]

Good afternoon Jose,

I mistakenly sent our time extension request to Jewelene Harris. Please see below. We respectfully request a time extension of 120 days on the Southland deliverables due to the lost time during the petition period. We were successful in our petition and have been awarded the final ERP permit for the project. We look forward to working with the District in the coming months.

Thank You,

**Matt Eidson**

Good afternoon Mrs. Harris,

As you know the ERP was petitioned and we have now been successful in receiving our ERP permit through the process. Based upon the time that was lost due to the petition and our focus on resolving that matter we would like to respectfully request a 120-day time extension for providing the completed information package to the District. If agreeable, we would like to set up a few workshops in the coming weeks to discuss various portions of the project and include and requests the District may have.

Please advise of approval at your earliest convenience.

Thank You,

**Matt Eidson**
