

C-43 West Basin Storage Reservoir Water Quality Feasibility Study

December 2, 2020 10:00AM-12:00 PM
Zoom Meeting

1. Meeting Welcome
 - Meeting Purpose
 - Working Group Introductions & Consultant Team
2. Study Background
 - Study Background & Objectives
 - Study Constraints
 - C-43 Reservoir Operations
3. Water Quality Treatment Technologies
 - Data Collection Summary
 - Conventional and Innovative Treatment Technologies
 - Technology Criteria and Ranking
 - Cost Benefit Analysis
4. Study Results
5. Water Quality Alternative Treatment Technology (WQATT) – Preliminary Results
6. Next Steps – Water Quality Component (WQC) Siting Evaluation
7. Public Input using “Menti” & Questions and Answers
