SUBJECT: Monthly Financial Statement – July 31, 2025

This report provides an overview of the District's unaudited financial activity for Fiscal Year 2024-2025, including revenue collections, expenditures and encumbrances made against the \$2.6 billion current budget, including a \$1 billion encumbrance carryforward from Fiscal Year 2023-2024. The carryforward encumbrances are predominantly for planning, design, and construction of large restoration projects under contract which are funded by Legislative appropriated state reimbursable funds. Encumbrances represent contractual orders for goods and services which have not yet been received. Attached is a summary in the State Program format in compliance with Section 373.536(4)(e), Florida Statutes, which states that each District shall provide a monthly financial statement in the form and manner prescribed by the Department of Financial Services to the District's Governing Board and make such monthly financial statement available for public access on its website.

Summary of Revenue Sources - New operating revenue collected (excluding prior year reserves) totals **\$1.1 billion**. Including reserves, the total Fiscal Year 2024-2025 revenue sources collected were 51.9% of budget or **\$1.4 billion**.

- Taxes collected in the amount of \$375.8 million or 99.8% were distributed to the District through the Tax Collectors within the District's 16 counties. Compared to the five-year average of 99.7%, as of the end of July, tax collections are about the same as trend at this time in the fiscal year. The total amount of Ad Valorem the District levied was \$381 million and was discounted to \$365.8 million for budgeting purposes.

Intergovernmental revenues are comprised of local, state, and federal sources with the majority being allocated by the Florida Legislature. Specific funding sources include Save Our Everglades Trust Fund, Land Acquisition Trust Fund, State General Revenue, Florida Fish and Wildlife Conservation Commission, Natural Resources Conservation Service and U.S. Army Corps of Engineers federal cost share of transferred projects. Most of these revenues are received through reimbursement requests submitted monthly or quarterly based on actual expenses incurred.

- Other budgeted revenues of \$35 million received include leases, sale of District property, program income and revenue supporting District self-insured programs:
 - \$4 million in rock mining royalties have been collected and \$3.8 million in lease revenues, for a total of \$7.8 million. The timing of revenues received is based on the fee schedules within the agreements.
 - \$1.7 million has been collected from cash discounts refunded from prior year expenditures, civil penalties, enforcement fees, program income and sale of recycled oil and scrap metal.
 - \$2.2 million from the sale of District property has been received.
 - \$23.3 million in revenues recognized through the end of July for the District's self-insured programs. This includes District funding as well as premiums paid by employees, retirees, and COBRA participants.
