

**PROFESSIONAL ENGINEERING SERVICES FOR GRAVITY CONTROL STRUCTURES, CANAL/LEVEE REFURBISHMENT AND LOW HAZARD IMPOUNDMENT
 CUMULATIVE WORK ORDER AWARD STATUS BY CONTRACT
 WORK ORDERS ASSIGNED AND AWARDED FROM DATE OF CONTRACT EXECUTION**

The South Florida Water Management District makes every effort to equitably distribute Work Orders among the pool of Professional Engineering Services (PES) consultants. To the extent practical and depending on the nature of the project, Work Orders are issued to firms based on the dollar value ranking order of previously executed work. The following circumstances are also taken into consideration:

- Legacy Projects – first issued to firms that were under a previous contract that had either expired or requires continuous services on an active PES contract
- Engineer of Record (EOR) – issued to firms when revised designs are needed or engineering during construction is necessary
- Ranked Order – as ranked by the selection committee after the evaluation process and contract award
- Availability of Staff – to the extent an area of expertise is required or local staff is needed for staff augmentation or efficiency
- If a firm passes on a work order assignment or negotiations are unsuccessful the next firm in the rotation is considered

Contract Number	Work Order Number	Firm	Project Title	Total Amount	Start Date	End Date
