PROFESSIONAL ENGINEERING SERVICES FOR OMRR&R / RESTORATION PROJECTS
CUMULATIVE WORK ORDER AWARD STATUS BY CONTRACT
WORK ORDERS ASSIGNED AND AWARDED FROM DATE OF CONTRACT EXECUTION

The South Florida Water Management District makes every effort to equitably distribute Work Orders among the pool of Professional Engineering Services (PES) consultants. To the extent practical and depending on the nature of the project, Work Orders are issued to firms based on the dollar value ranking order of previously executed work. The following circumstances are also taken into consideration:

- **Legacy Projects – first issued to firms that were under a previous contract that had either expired or requires continuous services on an active PES contract**
- **Engineer of Record (EOR) – issued to firms when revised designs are needed or engineering during construction is necessary**
- **Ranked Order – as ranked by the selection committee after the evaluation process and contract award**
- **Availability of Staff – to the extent an area of expertise is required or local staff is needed for staff augmentation or efficiency**
- **If a firm passes on a work order assignment or negotiations are unsuccessful the next firm in the rotation is considered**
