ECOLOGICAL AND ENVIRONMENTAL SCIENTIFIC AND TECHNICAL SUPPORT
CUMULATIVE WORK ORDER AWARD STATUS BY CONTRACT
WORK ORDERS ASSIGNED AND AWARDED FROM DATE OF CONTRACT EXECUTION

The South Florida Water Management District makes every effort to equitably distribute Work Orders among the pool of contractors. To the extent practical and depending on the nature of the project and discipline involved, work orders will be issued to a specific contractor based on District project managers' evaluation of the expertise, capabilities, capacity, and logistical considerations for the specific studies, projects, or tasks. The following circumstances are also taken into consideration:

• Legacy Projects – first issued to firms that were under a previous contract that had either expired or requires continuous services on an active contract.
• Availability of Staff – to the extent an area of expertise is required or local staff is needed for staff augmentation or efficiency.
