

RegPermitting

Compliance Reporting- Water Use Submitting WU Compliance Documents

Click **Submit Compliance Information**. Enter **Permit No.** and/or **Project Name**. Click the **Search** button.

In Search Results box under Action use drop down menu and select **Submit Compliance Data**.

Within the Draft Submittal tab, select the submission type, then click the 'Show Reporting Form' button to begin a submittal.

Pumpage data and monitoring data can be manually entered into the form or uploaded via an Excel template.

For pumpage data and monitoring data submittals, enter a value and/or comment for each row or click the 'Download' button to download an Excel template. Enter the data into the template (do not change the order of the columns) and save the template to your files.
