

## TABLE OF CONTENTS – TABLES

TABLE NAME	PAGE
Table A-Sec2-tab.1: Sub-category in Sub-basin S3 .....	1
Table A-Sec2-tab.2: Sub-category in Sub-basin S8 .....	2
Table A-Sec2-tab.3: Sub-category in Sub-basin S5A .....	3
Table A-Sec5- tab.1: Appropriate potential hydraulic interconnection for wet season P-concentrations and loads (Concentration (ppb), Load (lbs/acre-season)) .....	6
Table A-Sec5- tab.2: Appropriate potential hydraulic interconnection for dry season P-concentrations and loads (Concentration (ppb), Load (lbs/acre-season)) .....	8

## TABLE OF CONTENTS - FIGURES

FIGURE NAME	PAGE
Figure A-Sec3-Landuse-fig.a P Concentrations & Loads for Landuse A averaged over S3 basin - long-term trend, seasonality and spikes .....	10
Figure A-Sec3-Landuse-fig.b P Concentrations & Loads for Landuse A averaged over S8 basin - long-term trend, seasonality and spikes .....	11
Figure A-Sec3-Landuse-fig.c P Concentrations & Loads for Landuse A averaged over S5A basin - long-term trend, seasonality and spikes .....	12
Figure A-Sec3-Landuse-fig.d P Concentrations & Loads for Landuse B averaged over S3 basin - long-term trend,seasonality and spikes .....	13
Figure A-Sec3-Landuse-fig.e P Concentrations & Loads for Landuse B averaged over S8 basin - long-term trend, seasonality and spikes .....	14
Figure A-Sec3-Landuse-fig.f P Concentrations & Loads for Landuse B averaged over S5A basin - long-term trend, seasonality and spikes .....	15
Figure A-Sec3-Landuse-fig.g P Concentrations & Loads for Landuse C averaged over S3 basin - long-term trend, seasonality and spikes .....	16
Figure A-Sec3-Landuse-fig.h P Concentrations & Loads for Landuse C averaged over S8 basin - long-term trend, seasonality and spikes .....	17
Figure A-Sec3-Landuse-fig.i P Concentrations & Loads for Landuse C averaged over S5A basin - long-term trend, seasonality and spikes .....	18
Figure A-Sec3-Landuse-fig.j P Concentrations & Loads for Landuse D averaged over S8 basin - long-term trend, seasonality and spikes .....	19
Figure A-Sec3-Landuse-fig.k P Concentrations & Loads for Landuse D averaged over S5A basin - long-term trend, seasonality and spikes .....	20
Figure A-Sec3-Landuse-fig.l P Concentrations & Loads for Landuse E averaged over S8 basin - long-term trend, seasonality and spikes .....	21
Figure A-Sec3-Landuse-fig.m P Concentrations & Loads for Landuse E averaged over S5A basin - long-term trend, seasonality and spikes .....	22
Figure A-Sec3-Landuse-fig.n P Concentrations & Loads for Landuse F averaged over S3 basin - long-term trend, seasonality and spikes .....	23
Figure A-Sec3-Landuse-fig.o P Concentrations & Loads for Landuse F averaged over S8 basin - long-term trend, seasonality and spikes .....	24
Figure A-Sec3-Landuse-fig.p P Concentrations & Loads for Landuse F averaged over S5A basin - long-term trend, seasonality and spikes .....	25
Figure A-Sec3-Landuse-fig.q P Concentrations & Loads for Landuse G averaged over S5A basin - long-term trend, seasonality and spikes .....	26
Figure A-Sec3-Soil Type - fig.a P Concentrations & Loads for Soil type DANIA averaged over S3 basin - long-term trend, seasonality and spikes .....	27
Figure A-Sec3-Soil Type - fig.b P Concentrations & Loads for Soil type DANIA averaged over S8 basin - long-term trend, seasonality and spikes .....	28
Figure A-Sec3-Soil Type - fig.c P Concentrations & Loads for Soil type DANIA averaged over S5A basin - long-term trend, seasonality and spikes .....	29
Figure A-Sec3-Soil Type - fig.d P Concentrations & Loads for Soil type LAU averaged over S3 basin - long-term trend, seasonality and spikes .....	30

Figure A-Sec3-Soil Type - fig.e P Concentrations & Loads for Soil type LAU averaged over S8 basin - long-term trend, seasonality and spikes	31
Figure A-Sec3-Soil Type - fig.f P Concentrations & Loads for Soil type LAU averaged over S5A basin - long-term trend, seasonality and spikes	32
Figure A-Sec3-Soil Type - fig.g P Concentrations & Loads for Soil type PAH averaged over S3 basin - long-term trend, seasonality and spikes	33
Figure A-Sec3-Soil Type - fig.h P Concentrations & Loads for Soil type PAH averaged over S8 basin - long-term trend, seasonality and spikes	34
Figure A-Sec3-Soil Type - fig.i P Concentrations & Loads for Soil type PAH averaged over S5 basin - long-term trend, seasonality and spikes	35
Figure A-Sec3-Soil Type - fig.j P Concentrations & Loads for Soil type SANDS averaged over S3 basin - long-term trend, seasonality and spikes	36
Figure A-Sec3-Soil Type - fig.k P Concentrations & Loads for Soil type SANDS averaged over S8 basin - long-term trend, seasonality and spikes	37
Figure A-Sec3-Soil Type - fig.l P Concentrations & Loads for Soil type TER averaged over S3 basin - long-term trend, seasonality and spikes	38
Figure A-Sec3-BMP-fig.a P Concentrations & Loads for BMP 0.5" averaged over S3 basin - long-term trend, seasonality and spikes	39
Figure A-Sec3-BMP-fig.b P Concentrations & Loads for BMP 0.5" averaged over S8 basin - long-term trend, seasonality and spikes	40
Figure A-Sec3-BMP-fig.c P Concentrations & Loads for BMP 0.5" averaged over S5A basin - long-term trend, seasonality and spikes	41
Figure A-Sec3-BMP-fig.d P Concentrations & Loads for BMP 1.0" averaged over S3 basin - long-term trend, seasonality and spikes	42
Figure A-Sec3-BMP-fig.e P Concentrations & Loads for BMP 1.0" averaged over S8 basin - long-term trend, seasonality and spikes	43
Figure A-Sec3-BMP-fig.f P Concentrations & Loads for BMP 1.0" averaged over S5A basin - long-term trend, seasonality and spikes	44
Figure A-Sec3-BMP-fig.g P Concentrations & Loads for BMP 1.5" and higher averaged over S3 basin-long-term trend, seasonality and spikes	45
Figure A-Sec3-BMP-fig.h P Concentrations & Loads for BMP 1.5" and higher averaged over S5A basin-long-term trend, seasonality and spikes	46
Figure A-Sec3-Subbains-fig.a P Concentrations & Loads for S3 Basin - Long term trend, seasonality and spikes	47
Figure A-Sec3-Subbains-fig.b P Concentrations & Loads for S8 Basin - Long term trend, seasonality and spikes	48
Figure A-Sec3-Subbains-fig.c P Concentrations & Loads for S5A Basin - Long term trend, seasonality and spikes	49
