

# South Florida Water Management District (SFWMD) Lease Requirements for Natural Resource Protection

## FDACS Best Management Practices (BMPs)

*In areas where a Basin Management Action Plan (BMAP) is adopted, enrollment in the Florida Department of Agriculture & Consumer Services (FDACS) BMP program is required. Examples of Best Management Practices are depicted in these photos:*

*Locate Feeding Areas Away from Sensitive Features*

*Ditch/Canal Maintenance*

*Provide Water Sources and Restricted Placement*

*Use of Risers to Reduce Discharge*

*Erosion and Sediment Control*

*High-intensity Area Management*
