

**RESOLUTION NO. 2008-135**

A RESOLUTION OF THE CITY OF DANIA BEACH, FLORIDA SUPPORTING THE EFFORTS OF GOVERNOR CHARLIE CRIST AND THE SOUTH FLORIDA WATER MANAGEMENT DISTRICT TO ACQUIRE LAND SOUTH OF LAKE OKEECHOBEE FOR THE PROTECTION AND RESTORATION OF AMERICA'S EVERGLADES AND FLORIDA'S COASTAL ESTUARIES; PROVIDING FOR CONFLICTS; FURTHER, PROVIDING FOR AN EFFECTIVE DATE.

**WHEREAS**, America's Everglades and the South Florida ecosystem are unique expanses of habitats, the environmental health of which is critical to the economy and quality of life of South Florida; and

**WHEREAS**, on June 24, 2008, Governor Charlie Crist unveiled a momentous strategy to bring about the largest environmental land acquisition in Florida's history and restore America's Everglades in a way never before anticipated; and

**WHEREAS**, the Governor announced that the South Florida Water Management District will begin negotiating an agreement with United States Sugar Corporation to purchase nearly 300 square miles of land spanning four counties in South Florida; and

**WHEREAS**, the acquisition of as much as 187,000 acres of land south of Lake Okeechobee would provide the "missing link" needed to better protect the St. Lucie and Caloosahatchee rivers and estuaries, and revive, restore and preserve one of America's greatest natural treasures, the Everglades; and

**WHEREAS**, the South Florida Water Management District and United States Sugar Corporation signed a "Statement of Principles" that provides the framework for the potential acquisition of property and assets; and

**WHEREAS**, through successful negotiations and strategic land swaps, vast tracts would be used to reestablish a part of the historic connection between Lake Okeechobee and the Everglades through a managed system of storage and treatment; and

**WHEREAS**, dedicating significantly more land in the Everglades Agricultural Area to restoration will build upon and enhance the 30-year state-federal Comprehensive Everglades Restoration Plan, offering the opportunity and flexibility to store and clean water on a scale never before contemplated; and

**WHEREAS**, benefits from the land acquisition include huge increases in the availability of water storage, significantly reducing the potential for harmful discharges from Lake Okeechobee to Florida's coastal rivers and estuaries; and

**WHEREAS**, the acquisition will prevent thousands of tons of phosphorus from entering the Everglades every year and eliminate the need for "back-pumping" water into Lake Okeechobee; and

**WHEREAS**, the acquisition also provides the potential opportunity to sustain remaining agriculture in the region by eliminating environmental concerns, enhancing the availability of water supply, and fostering green energy production; and

**WHEREAS**, the Governor has identified the State of Florida's Rural Economic Development Initiative as a resource for working with United States Sugar Corporation, local governments, area businesses, state agencies and the South Florida Water Management District on an economic transition plan for the area; and

**WHEREAS**, saving the Everglades and protecting Florida's coastal estuaries is an environmental priority for the City of Dania Beach, Florida; and

**WHEREAS**, the South Florida Water Management District's initiative to purchase 187,000 acres of land in the Everglades Agricultural Area is a watershed event for restoring a beloved national treasure, the Everglades;

**NOW THEREFORE BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA:**
