

## SOUTH FLORIDA WATER MANAGEMENT DISTRICT

February 24, 2014

Workshop Attendees  
Impaired Waters Rule Development

Thank you for your interest in the South Florida Water Management District's rule development process regarding incorporation of the Impaired Waters Memo into Applicant's Handbook Volume II. You are receiving this correspondence as a follow-up to your attendance at one of the District's workshops held on November 6, November 12, and November 18, 2013.

Attached you will find the proposed rule language and the appendix which includes the provisions from the former Impaired Waters Memo.

The District staff will be presenting this information to the Water Resources Advisory Committee (WRAC) on March 6, 2014 at District headquarters in West Palm Beach. Subsequent to that meeting, the District currently proposes to request authority to initiate rule making at the April 10, 2014 Governing Board meeting. Additional information regarding these meetings, including dates, times and agendas can be found at the following links:
