

Alternative Water Storage and Disposal Interim (AWSDI) Projects – Pearce/Hartman Property

Location:	Glades County
Subwatershed:	Indian Prairie
Basin:	L-48, L-59E
Purpose:	Utilize interim facilities for water storage by employing a range of site alternative measures at a number of project sites. Alternatives include construction of on-site measures such as temporary ditch blocks, minor berms, minimal earthwork, wetland restoration, and potential water diversions to the project site using temporary pump facilities.
Project Operation Start:	TBD
Considerations/Update:	See table below

LOWCP MM#	Project Name	Project Area (ac)	2011 LOWCP Estimated Water Quality Benefits (mt/yr)	2011 LOWCP Estimated Water Quantity Benefits (ac-ft/yr)	Status
44	Pearce/Hartman Property	3,997	740	1,786	The parcels are currently being leased. The lease agreement expires in 2022. However, the lease can be terminated with a 6-month notice. The parcels were initially removed from consideration due to the lessee's interest in pursuing additional compensation/improvements associated with the United States Department of Agriculture – Natural Resources Conservation Service (USDA-NRCS) agricultural assistance program.
