**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. Erik Egensteiner  
40 Catherine Ave  
Babson Park, FL 33827-9566

**To:** Buermann, Eric  
**Subject:** Keep the River of Grass Alive - Extend the River of Grass land purchase contract

Dear Dear Chairman Buermann:

I urge you to vote to extend the purchase contract deadline for the River of Grass land acquisition in March. The Governing Board, Governor Crist, and countless other stakeholders have dedicated years of focused work to crafting a workable plan and finding funding sources for it.

Florida taxpayers have committed billions of dollars to Everglades restoration projects. The purchase of the U.S. Sugar Corp. land is the most cost-effective way to help move forward with restoration plans.

We need the Governing Board to extend the deadline to accommodate the Florida Supreme Court timeline to work through existing and new questions that will arise when dealing with an issue as complicated and significant as the River of Grass land acquisition.

I commend this Governing Board for its commitment to Everglades restoration and ask that you see this process through and vote to extend the River of Grass land purchase contract.

Please let me know what the Board decides on this issue.

Sincerely,

Mr. Timothy W. Brown  
54 Aero Drive  
Defuniak Spgs, FL 32433

**Sent:** Thursday, March 04, 2010 5:29 PM  
**To:** Buermann, Eric  
**Subject:** Keep the River of Grass Alive - Extend the River of Grass land purchase contract

Dear Dear Chairman Buermann:

I urge you to vote to extend the purchase contract deadline for the River of Grass land acquisition in March. The Governing Board, Governor Crist, and countless other stakeholders have dedicated years of focused work to crafting a workable plan and finding funding sources for it.

Florida taxpayers have committed billions of dollars to Everglades restoration projects. The purchase of the U.S. Sugar Corp. land is the most cost-effective way to help move forward with restoration plans.

We need the Governing Board to extend the deadline to accommodate the Florida Supreme Court timeline to work through existing and new questions that will arise when dealing with an issue as complicated and significant as the River of Grass land acquisition.

I commend this Governing Board for its commitment to Everglades restoration and ask that you see this process through and vote to extend the River of Grass land purchase contract.

Please let me know what the Board decides on this issue.

Sincerely,

Mrs. Joan Walker  
1800 SW 15th Street  
Bell, FL 32619-2262

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Water is our most precious resource here in South Florida. Don't blow it for us!

Sincerely,

Mr. Alfred Sasiadek  
463 NE 55th Ter  
Miami, FL 33137-2616  
(305) 757-1584

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. Michael Ott  
450 Key Deer Blvd  
Big Pine Key, FL 33043-4900  
(850) 626-4051

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

The time has come for action as talking and planning to save the Everglades has gone on for years!!!!!! DO NOT stop now, but extend the contract until the court has ruled. WE NEED THIS LAND to save the Everglades!!!!!!

Sincerely,

Mr. Vince & Sandi Vanacore  
1101 Duncan Cir Apt 104  
Palm Beach Gardens, FL 33418-8069

**To:** Buermann, Eric  
**Subject:** Keep the River of Grass Alive - Extend the River of Grass land purchase contract

Dear Dear Chairman Buermann:

I urge you to vote to extend the purchase contract deadline for the River of Grass land acquisition in March. The Governing Board, Governor Crist, and countless other stakeholders have dedicated years of focused work to crafting a workable plan and finding funding sources for it.

Florida taxpayers have committed billions of dollars to Everglades restoration projects. The purchase of the U.S. Sugar Corp. land is the most cost-effective way to help move forward with restoration plans.

We need the Governing Board to extend the deadline to accommodate the Florida Supreme Court timeline to work through existing and new questions that will arise when dealing with an issue as complicated and significant as the River of Grass land acquisition.

I commend this Governing Board for its commitment to Everglades restoration and ask that you see this process through and vote to extend the River of Grass land purchase contract.

Please let me know what the Board decides on this issue.

Sincerely,

Patricia Lattanzia  
1731 SE 15 ST  
Fort Lauderdale, FL 33316

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. Rohan Batra  
2939 Juniper Ln  
Davie, FL 33330-1350

**To:** Buermann, Eric  
**Subject:** Keep the River of Grass Alive - Extend the River of Grass land purchase contract

Dear Dear Chairman Buermann:

I urge you to vote to extend the purchase contract deadline for the River of Grass land acquisition in March. The Governing Board, Governor Crist, and countless other stakeholders have dedicated years of focused work to crafting a workable plan and finding funding sources for it.

Florida taxpayers have committed billions of dollars to Everglades restoration projects. The purchase of the U.S. Sugar Corp. land is the most cost-effective way to help move forward with restoration plans.

We need the Governing Board to extend the deadline to accommodate the Florida Supreme Court timeline to work through existing and new questions that will arise when dealing with an issue as complicated and significant as the River of Grass land acquisition.

I commend this Governing Board for its commitment to Everglades restoration and ask that you see this process through and vote to extend the River of Grass land purchase contract.

Please let me know what the Board decides on this issue.

Sincerely,

Mrs. Mary Detrick  
8115 37th Avenue No.  
Saint Petersburg, FL 33710

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. ROBERT O'BRIEN  
972 Allamanda Dr

There was once a time my husband and I could not afford a home so we placed a tent with our three children and dog. It was our home. During this time my children learned a lot about living from the land and it has taught them to respect the everglades.

Now I own my home but my son and husband spend many a Sunday fishing in the Everglades. The lesson keeps being taught and the respect keeps growing. How awful it would be if my sons children could never see such a wonderful place. Like Holy Land and the other areas of life. What could we teach them?

Sincerely,

Mrs. Kelly Farris

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Ms. M Derausse  
26875 Old State Road 4A  
Summerland Key, FL 33042-5333

Dear Board Members:

This is one of the simplest request that we can make for restoring this beautiful area of our state and to maintain this natural environment for generations to come. It would be foolhardy to turn our backs now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

This is a wonderful legacy that we can leave for future generations if we take care of it.

Sincerely,

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. Robert Hill  
3040 SW 22nd Ct  
Fort Lauderdale, FL 33312-4361  
(954) 587-0874

**Subject:** Keep the River of Grass Alive - Extend the River of Grass land purchase contract

Dear Dear Chairman Buermann:

I urge you to vote to extend the purchase contract deadline for the River of Grass land acquisition in March. The Governing Board, Governor Crist, and countless other stakeholders have dedicated years of focused work to crafting a workable plan and finding funding sources for it.

Florida taxpayers have committed billions of dollars to Everglades restoration projects. The purchase of the U.S. Sugar Corp. land is the most cost-effective way to help move forward with restoration plans.

We need the Governing Board to extend the deadline to accommodate the Florida Supreme Court timeline to work through existing and new questions that will arise when dealing with an issue as complicated and significant as the River of Grass land acquisition.

I commend this Governing Board for its commitment to Everglades restoration and ask that you see this process through and vote to extend the River of Grass land purchase contract.

Please let me know what the Board decides on this issue.

Sincerely,

gregg kolessar  
1721 s.e. 13th terrace

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. George Menendez  
6585 W 8th Ct  
Hialeah, FL 33012-6421

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Ms. Lorraine Marks  
3606 N Old Dixie Hwy  
Delray Beach, FL 33483-6310

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Dr. Paul Lakind  
119 Sunesta Cove Dr  
Palm Beach Gardens, FL 33418-5768

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

For far too long the interests of Big Sugar have held their interests above those of the people of Florida. They have received special treatment long enough.

It's time to stop their pollution and putting their profits above restoring the land necessary to secure a water supply for a growing population.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. R Mcham

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Ms. Jo Wilder  
721 NE 72nd Ter  
Miami, FL 33138-5260

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Ms. Mary Ellen Kielmann  
1318 Cardinal Ln  
Lantana, FL 33462-4206

If the easy path is followed now, if the path that assure the campaign coffers are filled by the Sugar lobby and the Development lobby then the more difficult path will be followed later. It is time to stand for what is right and what is good for Florida. You and your fellow members have been entrusted by the PEOPLE of the state of Florida to act on their behalf. Not a single vote was cast by any organization or coporation, please stand with the people of this state to remediate the danges done for years to the greatest asset in this great state. Without the Everglades to filter out the sewage from Miami and Ft. Lauderdale the gulf will be polluted. Look at the damge done to the Okichobee!

thank you, I pray you can stand tall and bring others with you!!

Sincerely,

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Ms. Barbara Hann  
504 S Lake Dr  
Lantana, FL 33462-3229  
(561) 352-9913

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Why should Big Sugar be allowed to stall this process? They were given alternate lands so that they could continue to grow sugar cane. Nothing is as important as protecting the Everglades for future generations to enjoy and for the protection of endangered species, both plant and animal. Big Sugar can grow their sugar cane somewhere else. They know that and we know that. And we can vote.

Sincerely,

Dr. Nita Lewis  
25581 SW 108th Ave  
Homestead, FL 33032-6136

Please save the everglades from Big Sugar. We don't need to keep supporting this bloated industry with price supports and tax breaks. Buy them off and let's get back to the business of managing the water resources for the people and businesses of South Florida.

Sincerely,

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. Stephen Fiske  
5821 Hollywood Blvd Ste 200  
Hollywood, FL 33021-6308

Dear Water Manager,

It is hard to believe we are still having to fight this battle. Please extend the US Sugar contract until the FL Supreme Court rules on the purchase next month. Will big business and big money win out again? We need to restore the Everglades and this purchase is one way to help in that end.

Sincerely,

I am particularly interested in the protection of the Caloosahatchee River. With the U S Sugar Purchase, more land will be available for a flow way to the south and for additional water storage, thereby reducing the often detrimental discharges of water from Lake Okeechobee to the Caloosahatchee.

Sincerely,

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. I know because I live in South Florida. I'm a volunteer at the Arthur A. Marshall Loxahatchee Wildlife Refuge. My wife works at the Refuge as an Ecologist through the University of Miami. The Everglades needs our support now.

I'm sure you're 100% aware of the extent of the damage firsthand. It's not even considered safe to eat fish out of the surrounding canals because of pesticide and fertilizer runoff from the sugar fields. When is it time to say enough? Our children need a safe place to drink water and eat food. It's important you understand that the fate of the Everglades depends on your decisions.

Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month. Together we can make a difference.

Sincerely,

Mr. Michael Kapsch

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. Grant Campbell  
2321 SW 44th St  
Fort Lauderdale, FL 33312-5735

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Restoring the Everglades is not only a conservation issue. Clean water for all living things, including humans, in Southern Florida depends on the Everglades, Lake Okechobee, Florida Bay water system for drinking, food, and our economy; as well as for the wildlife of our beautiful state.

Please save the Everglades. President Roosevelt thought they were important enough to protect for the entire population of these United States. I agree.

Sincerely,

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Ms. Maria Stoll  
10840 SW 75th St  
Miami, FL 33173-2783

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. Asher Brown  
7589 Edisto Dr  
Lake Worth, FL 33467-7769  
(954) 439-8140

No one knows better the critical situation that Floridians face with water issues than the water managers in the state. Its vitally important that we protect water resources here in Florida. I hope you will act to protect what we need to flourish here in Florida both physically and spiritually. Stand up to the sugar industry and prevent them from contributing to a disaster that will affect us all.

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mrs. tina scott  
6306  
matgate, FL 33063

Commercial interests, with all their money and selfish objectives, are the real terrorists of the first world nations. Decision makers listen to the money, take the money and steal the real wealth from coming generations. God told us to take care of his creation - we're doing everything but that. Please set an example by defeating the sugar companies and making sure what's left of the everglades survives.

Sincerely,

Mrs. Mary Lou Clements

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

Please do whatever you can to assure that the purchase of the land for the Everglades happens. An environmental win is one time, a loss is forever. Please do not drop the ball on your watch. We have over a century of bad land management to overcome in South Florida. Do the right thing.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

The Governing Board of the South Florida Water Management District needs to extend the U.S. Sugar contract on the lands in question so that there's time for the Florida Supreme Court to rule on the sale. If our water managers don't extend the contract, the state won't be able to buy the land and restore it.

Sincerely,

Mr. Barry White  
10001 SW 129th Ter  
Miami, FL 33176-5606

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Mr. Frank Chi  
1225 SW 104th Ct  
Miami, FL 33174-2608

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Going to college in upstate New York, I have found out that the two things most people know about Florida is that we have beautiful beaches and an amazing area of pristine wetlands in the Everglades National Park. We can't allow the Everglades to disappear because, apart from their biodiversity and ecological benefits, they symbolize such a big part of what Florida really is.

Sincerely,

Ms. Glenn Watkins  
439 3rd Ave N  
Naples, FL 34102-8411

**Subject:** Extend the U.S. Sugar Contract to Restore the Everglades

Mar 4, 2010

Mr. Eric Buermann

Dear Mr. Buermann,

I ask you to extend the U.S. Sugar contract until the Florida Supreme Court can rule on the purchase next month. This purchase is extremely important to me and my family. The State of Florida needs the U.S. Sugar land to protect the Everglades, its estuaries and our water supply. Without it, taxpayers will spend billions on unproven technologies and risk losing our most precious natural resources.

It would be foolhardy to turn our back now on one of the most important components of Everglades restoration. Please honor the State's promise to us and extend the contract until the Florida Supreme Court can rule next month.

Sincerely,

Ms. Regina Jacobson  
4120 Newport U  
Deerfield Beach, FL 33442-2674  
(954) 421-2713

**Subject:** Keep the River of Grass Alive - Extend the River of Grass land purchase contract

Dear Dear Chairman Buermann:

I urge you to vote to extend the purchase contract deadline for the River of Grass land acquisition in March. The Governing Board, Governor Crist, and countless other stakeholders have dedicated years of focused work to crafting a workable plan and finding funding sources for it.

Florida taxpayers have committed billions of dollars to Everglades restoration projects. The purchase of the U.S. Sugar Corp. land is the most cost-effective way to help move forward with restoration plans.

We need the Governing Board to extend the deadline to accommodate the Florida Supreme Court timeline to work through existing and new questions that will arise when dealing with an issue as complicated and significant as the River of Grass land acquisition.

I commend this Governing Board for its commitment to Everglades restoration and ask that you see this process through and vote to extend the River of Grass land purchase contract.

Please let me know what the Board decides on this issue.

Sincerely,

Mr. Gregory Cendrowski
