### **SFWMD Hosts Annual Water Conservation Expo and Vendor Fair** *This year's event highlights practices and strategies for corporations and institutions*

*(Click on the image for the expo program.)*

**WHAT:** As part of an ongoing effort to support water conservation practices throughout the region, the South Florida Water Management District (SFWMD) is again partnering with the Florida Section of the American Water Works Association to host a Water Conservation Expo and Vendor Fair.

Participants will have the opportunity to attend informative sessions on “water footprints” and presentations by conservation experts from sectors such as universities, corporations and the hospitality industry. Representatives from Disney Parks & Resorts US, Marriott, the University of Miami and Publix are among the scheduled presenters. Vendors will also feature products and services to help reduce water use.

**WHEN:** Friday, February 20, 2015

**TIME:** 8:30 a.m. – 4:00 p.m.

**WHERE:** SFWMD Headquarters  
B-1 Auditorium  
3301 Gun Club Road  
West Palm Beach, FL 33406

**WHO:** The event is designed for facility managers, maintenance professionals, green building professionals and conservation staff at local governments and businesses. Water providers and other large water users also benefit from this program and are invited to attend.

**RSVP:** To register for the free event or for more information, please contact Robert Wanvestraut, Water Conservation Analyst, at (561) 682-2054 or via email at [rwanvest@sfwmd.gov](mailto:rwanvest@sfwmd.gov).

**About the South Florida Water Management District**

*The South Florida Water Management District is a regional, governmental agency that oversees the water resources in the southern half of the state – 16 counties from Orlando to the Keys. It is the oldest and largest of the state’s five water management districts. The agency mission is to manage and protect water resources of the region by balancing and improving water quality, flood control, natural systems and water supply. A key initiative is cleanup and restoration of the Everglades.*
