SFWMD Joins LWDD for Community Flood Control Presentation

The workshop features information on the local drainage system

WHAT: Following the start of the 2015 storm season, the South Florida Water Management District (SFWMD) is joining the Lake Worth Drainage District (LWDD), which is hosting a workshop on flood control and hurricane preparedness.

The free presentation is designed for property managers, community board presidents, community drainage committees and others interested in understanding local drainage systems, methods for proper operation and maintenance of these systems and the responsibilities of residents and government in providing flood protection.

Media is invited to attend.

WHEN: Thursday, June, 25, 2015

TIME: 2 p.m. to 4 p.m.

WHERE: Lake Worth Drainage District
13081 Military Trail, Delray Beach 33484

RSVP: info@lwdd.net or 561-498-5363

About the South Florida Water Management District

The South Florida Water Management District is a regional, governmental agency that oversees the water resources in the southern half of the state – 16 counties from Orlando to the Keys. It is the oldest and largest of the state's five water management districts. The agency mission is to manage and protect water resources of the region by balancing and improving water quality, flood control, natural systems and water supply. A key initiative is cleanup and restoration of the Everglades.
