

MEMORANDUM

TO: Governing Board Members

FROM: Doug Bergstrom, Director, Administrative Services Division

DATE: February 9, 2012

SUBJECT: Monthly Financial Statement – December 2011

The attached financial status report is provided for your review. This report provides a high level summarized snapshot of District financial activity of revenue by sources and expenditure summaries (uses) by program. This unaudited financial statement is provided as of December 31, 2011, with 25% of the fiscal year completed.

Schedule of Sources and Uses – This financial statement compares revenues received and encumbrances / expenditures made against the District's FY2012 \$648 million consumable budget. Encumbrances represent orders for goods and services which have not yet been received.

Revenue Status:

- As of December 31, 2011, with 25% of the year complete, 50.9% of the District's budgeted operating revenue has been collected. As expected, in the third month of the fiscal year, revenue collections are above the straight line trend based on the nature of the various revenue sources. The remaining revenue source is fund balance which represents the amount of prior year residual revenue that is budgeted in the current year and has already been received. When included, this category brings the total sources collected through December 2011 to 71.4% or \$462.8 million.
- As of December 31, 2011, 60.6% of budgeted ad valorem tax revenue and 91.0% of agricultural privilege tax revenue have been collected. Ad Valorem and Agricultural Privilege taxes peak November through January driven by the mailing of property tax bills in October and the 4% maximum discount available when paid in full by November 30. Historical trends support a 70% collection rate in the first quarter of the fiscal year.
- As of December 31, 2011, 10.6% of budgeted intergovernmental revenues have been collected. In addition to reimbursement agreements, intergovernmental revenues include license plate sales for Indian River Lagoon and the Everglades. Revenue received through December for the sale of license plates totals \$55K. The bulk of intergovernmental revenue is from reimbursements from the Save Our Everglades Trust Fund, Water Management Lands Trust Fund, Department of Environmental Protection and Florida Fish and Wildlife Conservation Commission. Reimbursement requests are submitted to the state based on actual expenses incurred and are typically received later in the fiscal year. Through December, reimbursements total \$6 million.
- As of December 31, 2011, \$2.1 million or 39% of budgeted Investment earnings have been earned. The District estimated an investment earnings budget of \$5.3 million for FY2012. Investment earnings reflect a downward trend over the past 3 years and are

representative of the lower cash balances, reduced ad valorem tax levies and lower interest rate yields.

- Lease revenue represents amounts collected from leases of real property owned by the District. The timing of revenue received is based on the fee schedules within the agreements; monthly, semi-annual or annual payments and these varying timing issues impact the collection rate of this revenue source. The District has currently collected \$1.4M or 77.7% of the budgeted lease revenue.
- Licenses, permits and fees budget consists of income from water use permits, environmental resource permits and right of way permits. Income received to date totals \$2 million and is primarily due to unbudgeted receipts of \$191K from Wetlands and \$1.3 million in Lake Belt mitigation fees from restoration projects and fees for mining tonnage removed. The balance of receipts support budgeted revenues of application fees \$337K, permits \$218K, and licenses \$1K.
- Other revenue consists primarily of Civil Penalties and Enforcement Fees. This revenue is booked when received from cleared/settled cases. Fiscal year collections amounted to \$233K.
- Sale of District property represents the sale of real property and minor revenues from the sale of maps and other documents. This is budgeted conservatively due to the uncertainty involved. Revenues received through December total \$51K which result from the sale of land and equates to 20.5% of the FY2012 amount budgeted.
- Self insurance premiums represent the District's contribution and the contribution from active and retired District employees to the self funded health benefits program. Also included is the District's contribution to the workers compensation, auto and general liability self insurance program. Contributions of \$6.2 million received through December equate to 21.5% of the \$28.8 million budget.

Expenditure and Encumbrance Status:

As of December 31, 2011, with 25% of the year complete, the District has expended **\$109.8 million** or **16.9%** and has encumbered **\$137.9 million** or **21.3%** of its total budget. The District has obligated (encumbrances plus expenditures) **\$247.7 million** or **38.2%** of its total budget.

Summary of Expenditures and Encumbrances by Program – This financial statement illustrates the effort to date for each of the District's program areas. Provided below is a discussion of the primary uses of funds by program.

- The **Comprehensive Everglades Restoration Plan Program** has obligated 15.6% and expended 4.9% of their total \$80.9 million budget. Principal expenditures include personal services (\$1.2 million), contractual services (\$861K), operating (\$752K), and capital outlay (\$1.2 million). Encumbrances consist primarily of contractual services (\$2.6 million), and capital outlay (\$6.1 million) including the following projects: Southern Crew, Biscayne Bay, C-111 Spreader Canal, Indian River Lagoon, Picayune Strand and the Central Everglades planning efforts.

- The **Coastal Watersheds Program** has obligated 68.0% and expended 11.0% of their total \$22.6 million budget. Principal expenditures include personal services (\$845K) and contractual services (\$1.6 million). Contractual services encumbrances primarily consist of interagency agreements (\$12.9 million) including: St. Lucie and Indian River projects, Loxahatchee River Preserve Initiative, Big Cypress Basin stormwater projects, Florida Bay, and Estero Bay.
- The **District Everglades Program** has obligated 36.8% and expended 13.0% of their total \$80.7 million budget. Principal expenditures include personal services (\$3.8 million), contractual services (\$901K), operating (\$2.0 million) and capital outlay (\$3.8 million). Contractual services encumbrances (\$3.5 million) primarily include the operations monitoring, maintenance, and repair of Stormwater Treatment Areas (STA's). Operating encumbrances (\$434K) are in support of the overall operation of STA's. Capital outlay encumbrances (\$15.2 million) include work on completing Compartments B & C.
- The **Kissimmee Watershed Program** has obligated 52.3% and expended 4.1% of their total \$39.7 million budget. Principal expenditures include personal services (\$417K), contractual services (\$212K), and capital outlay (\$992K). Contractual services encumbrances (\$3.6 million) primarily consist of Three Lakes Wildlife Hydrologic Restoration (\$1.3 million), Kissimmee River Restoration Evaluation (\$660K), Kissimmee Chain of Lakes and Upper basin monitoring and assessment (\$213K), Kissimmee Basin Modeling and Operating System (\$701K), the Oak Creek project (\$146K), Rolling Meadows (\$1K), hydrologic monitoring (\$153K), land acquisition costs and environmental risk assessments (\$413K), and an Integrated Ecosystem Study (\$7K). Capital outlay encumbrances (\$15.5 million) are for the Kissimmee River Restoration land acquisition cases.
- The **Lake Okeechobee Program** has obligated 55.2% and expended 8.3% of their total \$27.0 million budget. Principal expenditures include personal services (\$683K), contractual services (\$269K), and capital outlay (\$1.2 million). Operating encumbrances (\$131K) include utilities and equipment rental. Contractual encumbrances (\$8.9 million) are primarily for the following: Dispersed Water Management and Florida Ranchland Environmental Service Projects (FRESP, \$8 million), Fisheating Creek project (\$173K), Northshore Navigation Canal project (\$290K), Lake Okeechobee Watershed Pre-Drainage Characterization study (\$175K), Phosphorous Source Control project (\$50K), Watershed Phosphorus Reduction (permeable barriers) project (\$60K), taxonomy support services and sampling (\$74K), and spraying and mowing (\$23K). Capital outlay encumbrances (\$3.7 million) are for the Lakeside Ranch STA project.
- The **Land Stewardship Program** has obligated 21.1% and expended 8.9% of their total \$19.6 million budget. Principal expenditures include personal services (\$822K), contractual services (\$324K), operating (\$330K) and capital outlay (\$271K). Contractual and operating encumbrances (\$2.3 million) include the maintenance of vegetation and exotic plant control, provision of law enforcement services, and management of District owned lands and facilities. Capital outlay encumbrances (\$91K) include three public use facility refurbishments.
- The **Mission Support Program** has obligated 42.3% and expended 25.5% of their total \$59.9 million budget. Principal expenditures include personal services (\$7.4 million); operating (\$3.9 million), contractual services (\$3.5 million), and capital outlay (\$317K).

Operating expenditures include health self insurance claims, tax collector and property appraiser fees, utilities, office leases, and unemployment compensation. During December, a \$2.5 million reduction to Mission Support operating expenditures was due to the reallocation of health care claims for the first two months of the year to other major programs of the District based on the percentage of employees who support those programs.

Contractual services expenditures consist primarily of IT consulting services and systems maintenance and repairs, janitorial services, and facility maintenance and repairs including roof repair and hurricane shutter replacement. Capital outlay expenditures include computer operations equipment, the migration of District software to a new Oracle operating system, and completion of the Emergency Operations Data Center. Encumbrances include operating (\$2.2 million), contractual services (\$7.6 million), and capital outlay (\$276K). Operating encumbrances consist primarily of utilities and office leases for the fiscal year, printing services and property insurance premiums. Contractual encumbrances include facilities maintenance and repair services, including air conditioner maintenance and fire alarm inspections, as well as IT consulting services, software, and systems maintenance for the fiscal year. Capital outlay encumbrances are associated with the migration of District software to a new Oracle operating system, computer hardware, and the completion of the Emergency Operations Data Center.

- The **Modeling and Science Support Program** has obligated 40.0% and expended 24.8% of their total \$11.7 million budget. Principal expenditures include personal services (\$2.3 million), contractual services (\$310K), and capital outlay (\$160K). Capital outlay encumbrances (\$548K) consist primarily of the Environmental Services Laboratory Relocation project. Contractual encumbrances (\$1 million) include technical and peer reviews, organic analysis, and sediment/water quality sampling. Operating encumbrances (\$222K) primarily include hardware/software, equipment rental, fuel and utilities.
- The **Operations and Maintenance Program** has obligated 49.6% and expended 20.6% of their total \$151.2 million budget. Principal expenditures include personal services (\$12.0 million), contractual services (\$7.4 million), operating (\$8.2 million), and capital outlay (\$3.4 million). Encumbrances for contractual services and capital outlay (\$41.8 million) primarily relate to the O&M capital program for maintenance and repair of existing water management system canals and water control structures including C-41A Canal Bank Stabilization, West Palm Beach Field Station Roof Replacements, Hillsboro Canal Bank Stabilization Design, C-24 Canal Bank Repairs, S-193 Navigation Lock Refurbishment, S-197 Replacement, Golden Gate 6 & 7 Replacement, S-331 Repower and Gearbox Replacement, S-140 Pump Station Refurbishment, S-44/G-57 Gate Operator Replacement, project culvert replacements, and Operations Decision Support System (ODSS) software. Operating encumbrances (\$2.0 million) are primarily associated with field station daily maintenance operations.
- The **Regulation Program** has obligated 27.4% and expended 23.2% of their total \$24.2 million budget. Principal expenditures include personal services (\$4 million), contractual (\$229K) operating (\$1.4 million), and capital outlay (\$14K). Contractual services encumbrances (\$485K) include application development, permit scanning contractors/support, and computer hardware/software. Operating encumbrances (\$283K) primarily include hardware/software, equipment rental, fuel and utilities. Capital

outlay encumbrances (\$228K) include the E-permitting enhancement project which saves time and expense with online filing/searching of permits.

- The **Water Supply Program** has obligated 43.9% and expended 14.4% of their total \$21.6 million budget. Principal expenditures include personal services (\$1.2 million), contractual services (\$140K), operating (\$1.3 million), and capital outlay (\$410K). Contractual services encumbrances (\$4.8 million) include the Central Florida Water Initiative (\$100K), WaterSIP grants (\$161K), Florida Automated Weather Network (\$75K), Lower Floridan Aquifer (\$36K), C-51 (\$5K), interagency agreements for Alternative Water Supply projects (\$400K), City of Hialeah (\$1.4 million), Big Cypress Basin (\$1.9 million), USGS cooperative agreement (\$523K), Supervisory Control and Data Acquisition (SCADA) site maintenance (\$58K), well maintenance and data loading (\$44K), Wings of Hope (\$15K), the Great Water Odyssey (\$30K), well head repairs (\$13K) and the Collier Education Foundation (\$2K). Capital outlay encumbrances (\$1.6 million) consist primarily of the Lower Floridan Aquifer project.
- **Reserves** of \$66.2 million are held for future transfer to program areas as project needs and requirements are identified by staff and presented to the Governing Board for review. Sixty million dollars (\$60 M) of these reserves are designated as Operations and Maintenance contingency reserves, including \$10 million for O&M capital projects. Remaining managerial reserves (rounded) include \$992K for Land Stewardship, \$2.5 million for Coastal Watersheds, \$1.5 million for Lake Okeechobee, \$750K for Everglades, \$266K in CERP, and \$71K for regulatory permitting.
- **Debt Service** has expended 67.2% (\$29.1 million) of the total \$43.4 million budget. Principal debt service and partial interest payments include Land Acquisition Bonds through the Water Management Lands Trust Fund, Certificates of Participation and a Bank Loan. Scheduled debt service payments are structured into a single principal payment and partial payment of interest in October and the balance of interest in April.

We hope these reports and the associated narrative will aid in understanding the District's financial condition as well as expenditure performance against the approved budget. If you have any questions, please feel free to call Chris Flierl at (561) 682-6078 or Mike Smykowski at (561) 682-6295.
