**Subject:** 119 request

Dear Randy,

Please consider this my request under FS 119 for a copy of any and all correspondence, whether electronic or written, as well as any other documents, including but not limited to meeting agendas, meeting notes and phone logs, in SFWMD's possession regarding the proposed buyout of U.S. Sugar announced last week.

This information was generated during the period from Nov. 1, 2007, through today, so that's the time period covered by this request. Please feel free to call or e-mail me with any questions. Thanks!
