ROGP

Hey donna and susan, hope all is well.

This is my formal request to obtain any records pertaining to U.S. Sugar as they become available. That especially includes the records such as the adviser's report, which the palm beach post got a hold of yesterday. I know our readers are just as interested about the deal as the readers on the east coast so I am always eager to keep them informed.

Please keep me in the loop on those things.

Thanks!

Ryan
