

C-15 Canal Tree and Vegetation Removal Project Update

Laura Corry

Regional Representative

South Florida Water Management District

April 17, 2018

Outreach Initiatives

- Certified letters sent to all homeowners and to the Point of Delray Condominium property manager 90 and 30 days prior to the project starting. One more certified letter to follow two weeks prior.
- Webpage designed specifically for this project with surveys and additional information: www.sfwmd.gov/c15canal.
- Letters have my direct telephone number and email to contact me with any questions or concerns.
- Opportunity for each resident to meet one on one with District staff on site to discuss their specific questions or concerns per request.

SFWMD Working With Delray Beach Residents

- City of Delray Beach and SFWMD have always been great partners and the input of your residents is important to the District.
- To date, four Delray Beach residents have contacted SFWMD regarding the C-15 project. SFWMD addressed the concerns of those residents to their satisfaction.
- We will continue to take any input and address any concerns of Delray Beach residents.
