*Reducing Your Water Footprint:
Corporate & Institutional Practices*

Friday, February 20, 2015
8:30 a.m. - 4:00 p.m.

South Florida Water Management District
B-1 Auditorium, 3301 Gun Club Road
West Palm Beach, Florida 33406

American Water Works Association
AWWA FLORIDA
Florida's Water Professionals

WELCOME!

This year's Water Conservation Expo is specifically designed to highlight water conservation strategies for corporations and institutions. Today's presentations by water conservation and sustainability experts are from select sectors with proven on-the-ground experience. Corporate, institutional and utility professionals in water related fields will learn how to better implement conservation programs, improve efficiency and reduce demands.

This year's Vendor Fair features innovative products and services to help reduce your water use. You'll leave here today with information on reducing your water footprint by using water conservation planning, programs, tools and practices.

Thank you for attending the 2015 Water Conservation Expo and Vendor Fair!

*Special thanks to the following organizations for posting the Expo evite on their website:
