

Temporary Rerouting of Florida National Scenic Trail at Stormwater Treatment Area 5/6

From the south

- Right after entering STA-5/6 (north end of the bridge), go east/northeast along the levee and hike north on the eastern boundary of the STA for 9 miles to the northeast corner of the STA.
- Turn left at the corner of the STA and hike for another 4 miles to the northwest corner of the STA.
- Follow the regular trail route northward.

From the north

- At the northwest corner of STA-5/6, go east along the northern boundary of the STA for 4 miles to the northeast corner.
- Turn right and go south for another 9 miles to get to the end of the STA.
- Follow the regular trail route.

NOTE: The temporarily rerouted trail is blazed with white color.
