## 2006 TOC Meetings

October 3, 2006

- EAA Basin Data Evaluation to Study the Relationship between Lake Okeechobee Inflows and EAA Runoff
    - EAA Basins Source Controls – Study Scope of Work (comments on the scope and any posted deliverables can be provided to Stuart Van Horn, ([svanhorn@sfwmd.gov](mailto:svanhorn@sfwmd.gov)))
  - A.R.M. Loxahatchee National Wildlife Refuge Enhanced Water Quality Monitoring Network
    - June '06
    - July '06
  - FINAL Meeting Agenda for October 3, 2006
  - Everglades Program Team comments on Goforth June 14, 06 document - "Five-year summary of operations affecting WCA-1"
  - Status of STAs, Recovery and Enhancement - Presentation
  - Stage Gage Resurveying in the Refuge - Presentation
  - Settlement Agreement April - June, 2006 - Presentation
  - Surveyor's Report, WCA1 Elevation Study
  - Comprehensive Monitoring Plans for Structures Surrounding Surrounding Everglades National Park
  - Calculation of Annual and 5-Year Geometric Mean Total Phosphorus Concentrations to Assess Achievement of the Phosphorus Criteria for the Everglades Protection Area
  - Final Draft Meeting Minutes for February 21, 2006 (Quarterly Meeting)
  - Final Draft Meeting Minutes for May 23, 2006 (Quarterly Meeting)
  - Final Draft Meeting Minutes for June 16, 2006 (Special Meeting)
  - A.R.M. Loxahatchee National Wildlife Refuge's Enhanced Water Quality Monitoring and Modeling Program
- Update: **On the main "Reports" page:** - April 2006 Quarterly Update - July 2006 Quarterly Update... **On the "Modeling Reports link" from the "Reports" page:** - Final Model Selection Report - Data Acquisition and Processing Report
- Monitoring Plan for Everglades Protection Area
  - **(Revised)** Questions for TOC Principals
  - **(Original)** Questions for TOC Principals
  - Refuge Long-Term Levels, WY99 - WY06

June 16, 2006

- Attachment 1: Final Agenda
- Attachment 2: Draft Minutes from the February 21, 2006 TOC Meeting
- Attachment 3: WCA-1 Temporary Deviation (*implemented April 22, 2005*)
- Attachment 4: Summary of Operations Affecting the Refuge
- Attachment 5: Five-Year Summary of Operations Affecting WCA-1
- Attachment 6: Phosphorus Criterion Monitoring Network White Paper, June 2006
- Attachment 7: Approval Letter from USEPA, January 24, 2005
- Attachment 8: Comparison of Class III Phosphorus Concentrations with the Long-Term Levels for the Refuge (*Presentation*)
- Attachment 9: Comparison of Florida Class III Phosphorus Concentrations and the Long-Term Levels of the Consent Decree for the Refuge

- Attachment 10: Refuge Long-Term Levels, WY99 - WY06 (*G. Goforth Excel file*)
- Attachment 11: Questions for TOC Principles (*List in progress*)
- Attachment 12: Draft Language for Clarifying Marsh Sampling Requirements in Monitoring Plan, June 15, 2006
- Attachment 13: Lake Okeechobee Regulation Schedule Study
- Attachment 14: Briefing Memo - Everglades Ambient P-criterion Monitoring Network, May 3, 2006
- Attachment 15: Update on Field Sampling Procedures (*in QA Report*)
- Attachment 16: Update on Field Sampling Procedures (*Presentation*)

## Background Information

- Summary of Quarterly Water Coordination Meeting for A.R.M. Loxahatchee NWR, April 10, 2006
- USEPA Comments on FDEP, August 17, 2005 Everglades Marsh TP stations
- Tech Comments on 1st draft of Marsh Monitoring Network, presented August 17, 2005
- Statistical Analysis on EAA Farm Data (by Stanley Consultants) \*
  - Appendix B \*
  - Appendix C Introduction \*
  - Appendix C \*      \* --please note these documents are no longer available from this webpage
 --please refer to this [Link to the current SFWMD Long Term Plan website](#) for more information . . .

## May 23, 2006

- Attachment 1: Final Agenda
- Attachment 2: DRAFT Meeting Notes from the February 21, 2006 TOC Meeting
- Attachment 3: Settlement Agreement Report: January–March 2006 (*Report*)
- Attachment 4: Settlement Agreement Summary Tables: January–March 2006 (*Presentation*)
- Attachment 5: S-12D Flow-Way Maintenance Plan
- Attachment 6: STA-1 West, Cell 5 Sediment, Topographic and Vegetative Enhancements
- Attachment 6a: STA Update (*Presentation*)
- Attachment 7: Everglades P Criterion Monitoring Network
- Attachment 8: Total Phosphorus Analyses Inter-Lab Differences between SFWMD & FDEP (*Presentation*)
- Attachment 9: Update on Field Sampling Procedures
- Attachment 9a) Sampling Procedures Video Clip (Very large file: 88 MB)
- Attachment 10: NECP Monitoring Modifications Request (*Presentation*)
- Attachment 11: Request to Discontinue Wet Atmospheric Deposition Monitoring (*Presentation*)
  - Attachment 11a: Time Series Plots of TP and Alkalinity Concentration before and after installation of Splash Guard (Project RAIN)
  - Attachment 11b: Contaminant Summary
  - Attachment 11c: Flag Rates for Stations & Test Names
  - Attachment 11d: Flag Rates By Station

### **Other Items:**

- Attachment 12: PSTA Project Status
- Attachment 13: Quality Assessment Report for Water Quality Monitoring: January–March 2006
- **Items posted after Meeting:**
  - Attachment A: Statistical Comparison of Total Phosphorus Data From the FDEP and SFWMD Labs in the Period of 2000-2004 (5-30-06)
  - Attachment B: WCA-1 Temporary Deviation (implemented April 22, 2005) (5-30-06)
  - Attachment C: USEPA Comments on FDEP, August 17, 2005 Everglades Marsh TP stations (6-06-06)
  - Attachment D: Tech comments on 1st draft of Marsh Monitoring Network, presented August 17, 2005 (6-06-06)

## February 21, 2006

- Attachment 1: Final Agenda - 02/21/06
- Attachment 2: Settlement Agreement Report: October–December 2005
- Attachment 3: Quality Assessment Report for Water Quality Monitoring (2nd QTR, 2005)
- Attachment 3a: Quality Assessment Report for Water Quality Monitoring (Presentation)
- Attachment 4: Quality Assessment for SFWMD TP Analyses
- Attachment 5: Marsh Water Quality Sampling Update
- Attachment 6: Requests for Modifications to Settlement Agreement Mandated Monitoring
- Attachment 7: Update on the Operation and Performance of the STAs

- Attachment 8:Post WILMA Damage Assessment: Update
  - Attachment 9:S12 Flow-way Maintenance
  - Attachment 10:Impact of the Intermediate Operating Plan on Everglades National Park
  - Attachment 10a:Analyzing the Impact of the Intermediate Operating Plan (IOP) in the Eastern Everglades, Everglades National Park
- 

### **2005 TOC Meetings**

December 1, 2005

- Final Agenda
- Request to Cease Monitoring at Three Structures
- Zinc Phosphide Info Sheet
- Zinc Phosphide Presentation
- Draft PSTA Monitoring Plan
- Draft PSTA Operations Plan
- Final PSTA Design Analysis Report
- STA-1E PSTA Field-Scale Demonstration Operations Monitoring Plans
- DOI Response to FDEP Document on May and June Sampling Events, 12-01-2005
- Load Assessment: Water Year 2005

November 10, 2005

*Due to conditions associated with Hurricane Wilma, the November 10 TOC meeting was rescheduled for Thursday, December 1, 2005.*

October 18, 2005 – **Special Meeting**

- Final Agenda
- Final Meeting Notes from the August 16, 2005 TOC Meeting
- Depth to Consolidated Sediment and Floc Depth at Refuge EVPA Sites
- Working Group Report on Recent TP Levels in the Refuge
- Marsh Sampling Workshop Meeting Summary, September 26th, 2005  
(DOI Comments have been added to the end of this file) **updated 041806**
- Technical Support Document on Data Quality of Water Quality Data Collected During the May and June 2005 Monitoring Events for the EVPA (LOX) Project  
(Original Draft; presented at the 08-16-2005 TOC meeting)
- Technical Support Document on Data Quality of Water Quality Data Collected During the May and June 2005 Monitoring Events for the EVPA (LOX) and Refuge LOXA Projects (Final Version)
- Refuge TP Compliance Table: Feb 1999—September 2005
- Refuge TP Data: Feb 1999—September 2005
- Refuge TSS Data: Feb 1999—September 2005
- DOI comments on Meeting Summary for the Sampling Workshop
- Refuge EVPA Water Quality Data, May–June 2005
- Refuge Response to State's Reports on May and June 2005 EVPA Sampling Events
- Miccosukee Tribe's Comments Concerning Exclusion of May–June 2005 Data
- TOC Decision on May–June 2005 Data for the Refuge
- Cattail Research Slides
- Cattail Research Map: Approximate Location of Cattail Habitat Improvement Plots and Transect Sites in WCA2A
- Everglades Division Cattail Habitat Improvement Project & Fire Project: Accelerated Recovery Research
- The Fire Project: Assessing Long-Term Ecological Effects of Fire on Accelerating Recovery in a P-Enriched Everglades Wetland
- Requests for Modifications to Settlement Agreement Mandated Monitoring at Three Structures and a Preview of Future Requests
- Proposed Revisions to the Long-Term Plan for Achieving Everglades Water Quality Goals
- Enhanced Water Quality Monitoring and Modeling Program for the A.R.M. Loxahatchee National Wildlife Refuge Quarterly Update Report – September 2005
- Assessment of the Quality of May-June 2005 TP Data and the Monitoring Processes for EVPA (LOX) Project, version 09-08-2005
- Proposed TOC Resolution by Mike Waldon, 09-16-2005
- Stormwater Treatment Area-1 West Recover Plan

## September 20, 2005 – **Special Meeting**

*Due to conditions associated with Hurricane Rita, the 9/20 TOC Meeting was cancelled. Agenda items from the 9/20 meeting were moved to the 10/18 Special Meeting agenda.*

## August 16, 2005

- Final Meeting Notes
- Attachment A: Final Agenda
- Attachment 1: Final Meeting Notes from July 12, 2005 Special Meeting
- Attachment 2A: Settlement Agreement Report: January–March 2005
- Attachment 2B: Settlement Agreement Report: April–June 2005
- Attachment 2C: Presentation on the Settlement Agreement Reports for January–March 2005 and April–June 2005
- Attachment 3: CERP North Palm Beach County, Part 1 Presentation
- Attachment 4: Everglades National Park Monitoring: Procedures for Assuring Quality Sample Collection
- Attachment 5A: Water Conservation Area 1 Map, showing LOX stations
- Attachment 5B: TP Concentrations in the Refuge: LOXA Transects
- Attachment 5C: Technical Support Document in Support of Data Quality Screening of Water Quality Data Collected During the May and June 2005 Monitoring Events for the EVPA (LOX) Project (*DRAFT*)
- Attachment 5D: A Protocol for Collecting Surface Water Samples in Marshes of the FL Everglades
- Attachment 5E: Assessment of the Quality of May-June 2005 TP Data and the Monitoring Processes for EVPA (LOX) Project
- Attachment 6A: Draft Report to Principals, with attachments, 07-13-2005 draft
- Attachment 6B: Draft Report to Principals, with attachments, 08-16-2005 revision
- Analysis of Marsh Phosphorus Data from Loxahatchee National Wildlife Refuge, March 11, 1999
- Analysis of Water Quality Monitoring Data from A.R.M. Loxatchee National Wildlife Refuge, October 29, 1999
- Refuge Field Sampling Notes (EVPA): January–June 2005 (Large file: 6.18 MB)

## July 12, 2005 – **Special Meeting**

- Final Meeting Notes
- Attachment 1: Final Agenda
- Attachment 2: June 13, 2005 TOC Special Meeting Notes
- Attachment 3: Refuge LOXA Map, Transects, & TP Summary Data (Large file: 2.23 MB)
- Attachment 4: Refuge Total Phosphorus Compliance Tracking Data
- Attachment 5: Settlement Agreement Report: April–May 2005 Data Update

## June 13, 2005 – **Special Meeting**

- Final Meeting Notes
- Attachment 1: Final Agenda
- Attachment 2: May 17, 2005 TOC Meeting Notes
- Attachment 3: Monthly areal rainfall on each rain area for August and September 2004, and return periods
- Attachment 4: STA Update
- Attachment 5: Test for Determining Achievement of 50 ppb Phosphorus Initial TBEL for Everglades Stormwater Treatment Areas
- Attachment 6: Frank Nearhoof's 50 ppb TBEL Presentation
- Attachment 7: Comments from Bill Walker on Draft 50 ppb TP Achievement Methodology, 6/13/05
- Attachment 8: Preliminary Estimates of Loads to the Refuge After STA-1E is in Operation (*DRAFT*), May 12, 2005
- Attachment 9: USACE Comments on "Preliminary Estimates of Loads to the Refuge After STA-1E is in Operation (*Draft*)", June 2005
- Attachment 10: DOI comments on Dr. Goforth's "Preliminary Estimates of Loads to the Refuge After STA-1E is in Operation, (*Draft*)"
- Attachment 11: TOC Preliminary Recommendations for Further Investigations of the Relationship Between Water Management and Water Quality (*Draft*)
- Attachment 12: Action Items Towards Recommendations to Principals on Water Management Practices and Water Quality in the Refuge, May 17, 2005
- Attachment 13: Recommendations to Principals for Water Management Activities Relating to Water Quality
- Attachment 14: Total Phosphorus Sample Collection at the S-10 and S-39 Structures, and Recommendations for Future Sampling
- Attachment 15: Flow and Water Quality Monitoring at the S10A, S10C, S10D and S39 Structures

- Attachment 16: DOI Response to written comments on the April 19, 2005 A.R.M. Loxahatchee National Wildlife Refuge Enhanced Water Quality Monitoring and Modeling - Interim Report
- STA Phosphorus Compliance Data (Updated) – Frank Nearhoof (Excel Spreadsheet)

May 17, 2005

- Final Meeting Notes
- Attachment 1: Final Agenda
- Attachment 2a: STA Phosphorus Compliance Test (Draft)
- Attachment 2b: STA Phosphorus Compliance Test (Draft) (Excel Spreadsheet)
- Attachment 3a: Presentation on the Oct–Dec 2004 Settlement Agreement Report
- Attachment 3b: Settlement Agreement Report: October–December 2004
- Attachment 4a: A.R.M. Loxahatchee National Wildlife Refuge Enhanced Water Quality Monitoring and Modeling Interim Report, 4/19/05 [Executive Summary only]
- Attachment 4b: A.R.M. Loxahatchee National Wildlife Refuge Enhanced Water Quality Monitoring and Modeling Interim Report, 4/19/05 [Full Report]
- Attachment 5: Comments from the South Florida Water Management District on "A.R.M. Loxahatchee National Wildlife Refuge Enhanced Water Quality Monitoring and Modeling – Interim Report (4/19/05 Draft)"
- Attachment 6: Comments from the Florida Department of Environmental Protection on "A.R.M. Loxahatchee National Wildlife Refuge Enhanced Water Quality Monitoring and Modeling – Interim Report (4/19/05 Draft)"
- Attachment 7: Preliminary Estimates of Loads to the Refuge After STA-1E is in Operation (Draft), May 12, 2005
- Attachment 8: EAA Regional Feasibility Study, May 17, 2005
- Attachment 9: TOC Preliminary Recommendations for Further Investigations of the Relationship Between Water Management and Water Quality (Draft), 2/24/05
- Attachment 10: TOC Preliminary Recommendations for Further Investigations of the Relationship Between Water Management and Water Quality (Draft), 5/17/05
- Attachment 11: Action Items Towards Recommendations to Principals on Water Management Practices and Water Quality in the Refuge
- STA Enhancements Update: April 25, 2005 (Presentation by Gary Goforth)

February 24, 2005

- Final Meeting Summary
- Final Agenda
- Attachment 1: A Request to the TOC to Remove NH4 from Monitoring by Autosamplers at Seven Stations
- Attachment 2: Draft TOC Meeting Summary, November 30, 2004
- Attachment 3: Draft TOC Meeting Summary, January 25, 2005
- Attachment 4: Settlement Agreement Report, July–September 2004
- Attachment 5a: Using District GIS Resources for Hydrologic Monitoring (Presentation)
- Attachment 5b: Using District GIS Resources for Hydrologic Monitoring (Handout)
- Attachment 6: Update on Regional Water Management Decision Study
- Attachment 7: Quarterly Update on Enhanced Water Quality Monitoring and Modeling Program for the A.R.M. Loxahatchee National Wildlife Refuge
- Attachment 8a: Hydrologic Mass Balance Analysis for STA-1W Inflow Basin and Flow Data Estimation for G301 Spillway (Nov. 2, 1999 to Sep. 30, 2004) (Presentation)
- Attachment 8b: Hydrologic Mass Balance Analysis for STA-1W Inflow Basin and Flow Data Estimation for G301 Spillway (Nov. 2, 1999 to Sep. 30, 2004) (Technical Notes)
- STA-1E Startup
- STA1E Aerial Map
- Final Draft: Progress Report on Remedial Measures to Control Phosphorus Loads to the A.R.M. Loxahatchee National Wildlife Refuge
- Signed Copy: Progress Report on Remedial Measures to Control Phosphorus Loads to the A.R.M. Loxahatchee National Wildlife Refuge, February 24, 2005 (signed copy)
- TOC Recommendations for Further Investigations of the Relationship Between Water Management and Water Quality in the Refuge, 01-25-05
- TOC Preliminary Recommendations for Further Investigations of the Relationship Between Water Management and Water Quality (Draft), 02-24-05
- Memo from Principals to TOC Reps Regarding 02-24-05 Progress Report, 3/11/05

January 25, 2005 – **Special Meeting**

- Final Meeting Summary
- Draft Progress Report to the Principals

## ***2004 TOC Meetings***

November 30, 2004

- Final Meeting Summary
- Attachment 1: Final Agenda
- Attachment 2: August 26, 2004 TOC Meeting Minutes
- Attachment 3: Presentation on the April–June 2004 Settlement Agreement Report
- Attachment 4: Settlement Agreement Report, April–June 2004
- Attachment 5: Refuge Stage Data
- Attachment 6: Draft STA-1W Recovery Plan (Presentation)
- Attachment 7: Draft STA-1W Recovery Plan (Report)
- Attachment 8: STA Operations and Performance Update
- Attachment 9: Update on STA-1 East
- Attachment 10: Quarterly Update on Enhanced Water Quality Monitoring and Modeling Program for the Refuge
- Attachment 11: Refuge Enhanced Monitoring Program: Project Implementation Update
- Letter from Principals of the Consent Decree, 11-09-04
- Attachment 12: Deviations from Water Control Plans
- Attachment 13: Phosphorus Controls to the Refuge
- Attachment 14: Ecological Status of the Everglades, May–October 2004
- Attachment 15: Load Reduction Assessment Water Year 2004
- Attachment 16: Potential Refinements to the Load Reduction Methodology

November 8, 2004 – ***Special Meeting***

- Draft Meeting Summary
- Special Data Update: 24 Months of Refuge Phosphorus Data
- Factors Contributing to 2003/4 Exceedance of Interim P Levels in the Refuge
- Analysis of Refuge Interim P Level Excursions September 2003 & August 2004
- Frank Nearhoof's Presentation

August 26, 2004

- Final Meeting Summary
- Attachment 1: Final Agenda
- Attachment 2: Settlement Agreement Report website
- Attachment 3: Presentation on the Jan–Mar 2004 Settlement Agreement Report
- Attachment 5: Presentation on the Jan–Mar 2004 Quality Assessment Report for Water Quality Monitoring
- Attachment 6: Quality Assessment Reports for Water Quality Monitoring
- Attachment 7: STA-1W & STA-3/4 Updates
- Attachment 8: STA-1E Update
- Attachment 9: Refuge Enhanced Monitoring Program Update
- Attachment 10: FDEP and SFWMD TP Data Comparability
- Attachment 11: Water Conservation Area Regulation Schedules
- Attachment 12: Discussion of Phosphorus Load Compliance Methodology

May 25, 2004

- Final Meeting Summary
- Attachment 1: Final Agenda
- Attachment 2: Draft minutes from 04/06/04 TOC meeting
- Attachment 3: Oct–Dec 2003 Settlement Agreement Report (Presentation)
- Attachment 4: Factors in the Timing of Settlement Agreement Reports
- Attachment 5: Oct–Dec 2003 QA Report for Water Quality Monitoring (Presentation)
- Attachment 6: The Operational Design Envelope for the STAs
- Attachment 7: Phosphorus load reduction methodology: Consistency with the operational design envelope for the STAs

April 6, 2004

- Final Meeting Summary
- Attachment 1: Final Agenda
- Attachment 2: Letter from Principals to TOC Representatives, April 2, 2004
- Attachment 3: Recommendations to the TOC by Gary Goforth, March 29, 2004: "District Activities Completed,

#### Underway or Scheduled that are Related to the TOC Category A Recommendations"

- Attachment 4: STA 3/4 Status Update
- Attachment 6: Refuge Monitoring and Modeling Update
- Attachment 7: Water Quality Monitoring and Modeling for the A.R.M. Loxahatchee National Wildlife Refuge: Brief and Status Update, April 2, 2004\*
- Attachment 8: Work Plan: Water Quality Monitoring and Modeling for the A.R.M. Loxahatchee National Wildlife Refuge: 2004-2006, March 29, 2004\*

\*This work plan was originally posted on the TOC WebBoard on April 2, 2004. It was revised and reposted to the WebBoard on April 19, 2004. While it is *not* a TOC document, the plan is of interest to the TOC and was discussed at the February 3, 2004 and April 6, 2004 TOC meetings.

- Attachment 9/10: EFA Mandated Everglades BMP Regulatory Program (WY03 Compliance Briefing)
- Attachment 11: Public Comment from Charles Lee
- Schematic of STA-1E Contracts (COE)

#### March 2, 2004

- Final Meeting Summary
- Final Agenda
- Attachment 1: The TOC and the Florida Sunshine Law
- Attachment 3: STAs: Inflow vs. Outflow P Concentrations
- Attachment 4: DEP & District Recommended Priorities: Recommendations to Principals of the Consent Decree (July 24, 2003)
- Attachment 5: State Recommendations to the Technical Oversight Committee For Consideration at the February 3, 2004 Meeting (DRAFT 1/28/04)
- Attachment 6: Letter to Principals: TOC Progress on Recommendations Concerning the Refuge
- Attachment 7: Item Presented to the TOC as a Public Comment by Charles Lee, Audubon of Florida
- Attachment 8: Refuge Monitoring & Modeling: Progress Since Feb. 3 TOC
- Attachment 9: Recommendations Regarding the New Proposed Monitoring and Modeling of Refuge, Office of Modeling, SFWMD
- FDEP Comments on Federal Everglades Team Work Plan: Water Quality Monitoring and Modeling for the A.R.M. Loxahatchee National Wildlife Refuge

#### February 3, 2004

- Final Meeting Summary
- Attachment 1: Final Agenda
- Attachment 2a: Jul-Sep 2003 Settlement Agreement Report (Presentation)
- Attachment 2b: Jul-Sep 2003 QA Report for Water Quality Monitoring (Presentation)
- Attachment 3: History of STA-1E
- Attachment 4: STA-1E (PSTA/SAV): Advanced Treatment Technology Implementation, January 2004
- Attachment 5: State Recommendations to the Technical Oversight Committee For Consideration at the February 3, 2004 Meeting (DRAFT 1/28/04)
- Attachment 6: Matrix Summary of State's Response to TOC Recommendations
- Schematic of STA-1 East Contracts
- STA-1E Partnering Schedule, January 2004
- Work Plan: Water Quality Monitoring and Modeling for the A.R.M. Loxahatchee National Wildlife Refuge: 2004-2006 (*DRAFT*)

\*This work plan was originally posted on the TOC WebBoard on February 2, 2004, and will likely be modified in the future. While it is not a TOC document, the plan is of interest to the TOC and was discussed at the TOC meeting on February 3, 2004.

#### January 8, 2004 – **Special Meeting**

- Final Meeting Summary
  - Attachment 1: Final Agenda
  - Attachment 2: STA-3/4 Enhancements Schedule
  - Attachment 3: STA Operations and Performance
  - Attachment 4: Discussion of Recommendations on "Enhancing monitoring of the Refuge"
  - Principals Response to July 24, 2003 Note from TOC Representatives

- Final Meeting Summary
- Attachment 1: Final Agenda
- Attachment 2: June 3, 2003 TOC Meeting Minutes
- Attachment 3: July 24, 2003 TOC Meeting Minutes
- Attachment 7: Phosphorus in Refuge Canals
- Attachment 8: Total-Flow Automatic Sampler for Pumping Station S-5A
- Attachment 10: Update on C111D Water Quality Monitoring
- Chapter 2: Water Conservation Area Canal Sediment Phosphorus Studies – Inventory, Release and Transport
- Chapter 2: Attachment 2A – Contribution of Internal Phosphorus Loads in South Florida Water Conservation Area Canal Sediments
- Chapter 2: Attachments 2B (Transect Locations) & 2C (Methods)

August 12, 2003

- Final Meeting Summary
- Attachment 1: Final Agenda
- Attachment 2: Settlement Agreement Report: January–March 2003
- Attachment 3: QA Report for Water Quality Monitoring: January–March 2003
- Attachment 4: STA-1 East EFA/NPDES Permit Application Update
- Attachment 7: WRAC Issues Committee Comments on the Long-term Plan
- ERR XIII Charts (DRAFT)
- Technology Review of Periphyton Stormwater Treatment  
As of December 1, 2003, this article has been revised from the original draft version of August 8, 2003. All changes pertain to the S332B basin.
- DEP Everglades Program – Phosphorus Round Robin (ERR) [[Link to website](#)]

July 24, 2003 – **Special Meeting**

- Final Meeting Summary
- Attachment A: Final Agenda
- Attachment B: Factors Contributing to Exceedances of Interim P Levels in the Refuge
- Attachment C: Draft Combined Letter to Principals
- Attachment D: Update on the Performance of STA-1W
- Attachment E: COE STA-1E PSTA Demonstration Project
- Attachment F: Final Consensus Letter to Principals
- Compliance of Marsh Phosphorus Concentrations in the A.R.M. Loxahatchee National Wildlife Refuge with Interim Levels Required under the Consent Decree
