

South Florida Water Management District

Vendor Name Abbreviation Standards

In order to maintain consistency within the vendor master database, the South Florida Water Management District (District) has implemented limited use of the U.S. Postal Service Standards (USPS) Business Word Abbreviations. All occurrences of words chosen for abbreviation have been revised within the vendor master database regardless of placement within the vendor's name or of the actual length of the vendor's name. This assists in ensuring that all searches will net the best possible result for the user on the first search attempt.

The table below contains a condensed version of the USPS Business Words Abbreviations currently in use.

To find the abbreviation for a particular word, locate the complete word in the column marked "Common Presentation." The accepted USPS abbreviation will be found to the right in the column marked "Postal Service Standard."

Note: This section may also include additional abbreviations approved by the District that are not sanctioned by the USPS.
